CALCUTTA, THE 6TH FEBRUARY 1933.

RESOLUTION—No. 631Agri.

Minister-in-charge: The Hon'ble Nawab K. G. M. Faroqui, Khan Bahadur.

At the meeting of the Bengal Legislative Council held on the 1st February 1932 a resolution was passed to the following effect:—

"This Council recommends to the Government that a Committee consisting of official and non-official members of the Council and experts be appointed to make a systematic examination of the present economic depression in Bengal and to make suggestions as to what temporary and permanent measures may be taken to alleviate the present distress and ensure a steady economic progress of the people of the Presidency."

The Government of Bengal (Ministry of Agriculture) have carefully considered the resolution, and while they are prepared to accept the recommendation of the Council for the appointment of a Committee, they are of opinion that the appointment of such a Committee to conduct a roving enquiry of the nature contemplated in the resolution, viz., "to make a systematic examination of the present economic depression in Bengal," would serve no useful purpose. They believe, however, that apart from other general factors which have affected almost every country of the world, the fall in the price of raw and manufactured jute is one of the primary factors responsible for the acute economic depression in Bengal. They are, therefore, pleased to appoint a Committee composed of the undermentioned gentlemen to investigate the jute problem as affecting the province:—

(1) Mr. R. S. Finlow, C.I.E., Chairman.

(2) Mr. J. T. Finlayson, representative of the Bengal Chamber of Commerce.

(3) Mr. H. H. Burn, M.L.C., representative of the Indian Jute Mills' Association.

(4) Mr. N. R. Sarker, representative of the Bengal National Chamber of Commerce.

(5) Mr. D. P. Khaitan, representative of the Indian Chamber of Commerce.

(6) Mr. Mirza Ahmed Ispahani, representative of the Muslim Chamber of Commerce.

(7) Dr. Naresh Chandra Sen Gupta, M.L.C., Vice-President, Bengal Jute Growers' Association.

(8) Khan Bahadur Muhammad Abdul Momin, M.L.C.

(9) Khan Bahadur Maulvi Azizul Haque, M.L.C.

(10) Dr. J. C. Sinha, Professor of Economics, Presidency College.

(11) Director of Agriculture, Bengal (*ex-officio*).

(12) Registrar of Co-operative Societies, Bengal (*ex-officio*).

(13) Director of Industries, Bengal (*ex-officio*).

The Director of Industries will also act as Secretary to the Committee.

The terms of reference to the Committee will include consideration of the following:—

(1) the question of regulation of the production of jute;

(2) the marketing of jute including the establishment of regulated markets and the supply of market information in a suitable form to the producers;

(3) the creation of a Jute Committee for the province of Bengal on the lines of the proposed Central Jute Committee and the minimum amount required to finance such a Committee;

(4) the extent to which other materials have displaced jute and the likelihood of further substitutes being found in the near future; and

(5) the possibilities of making any other economic use of jute to an extent that might relieve the present situation.

The Committee are requested to submit their report by 1st May 1933.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* and copies thereof forwarded to the Chairman and Members of the Committee.

Ordered also that a copy of the resolution be forwarded to the Commerce Department of this Government, for information.

By order of the Government of Bengal
(Ministry of Agriculture),

Irrigation.

NOTIFICATIONS.

No. 2-I.—16th January 1933.—In supersession of notification No. 178, dated the 22nd August 1898 (published at pages 909-911, Part I of the *Calcutta Gazette* of the 24th August 1898), as amended by subsequent notifications, the following draft of rules and schedule of rates, which, in exercise of the power conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor in Council intends to make, for the supply of water from the combined Damodar and Eden Canal (to be called the Damodar Canal), is hereby published for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th February 1933 and any objections or suggestions received by the undersigned before that date will be duly considered:—

Draft rules and schedule of rates.

1. **Lease for a term of years.**—The country served by the Damodar and Eden Canals (hereafter called the Damodar Canal) shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block formed under rule 1 shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by such officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for a definite part of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they shall expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, except where a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Chief Engineer shall fix from time to time the gross area for which, and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which leases have been taken for a term of years, or in which there is any prospect of such leases being taken, shall be kept in the Subdivisional Canal offices. These maps shall be drawn to a scale 32″ = 1 mile when such are available, and elsewhere to a scale 16″ = 1 mile.

6. Applications for long leases for the irrigation of any crop between the 15th June and the 31st March must be filed by the 1st of September, after which applications for long leases will not be received. The preliminary application for a new lease for a term of years, or for the renewal of such lease, shall be made in writing but may be of an informal nature. It may be presented and shall be received either at the Subdivisional or Sectional Canal office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands in respect of which the lease is to be granted shall be indicated on a copy of the map referred to in rule 5.

7. The Zilladar on receipt of the application shall prepare the detailed assessment paper (khasra) of the land with the aid of the district settlement map, the record-of-rights and the plot index if available. If there is no settlement map of the area, an amin shall make a sketch map and a *khasra* and shall measure the areas of the plots with a chain or measuring rod.

8. When the *khasra* is prepared the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a khatian or abstract of the *khasra*, and shall have the form of application, given in Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been duly signed, the Zilladar shall send it to the Deputy Collector or other officer in charge of the revenue division hereafter called the Revenue Officer who after scrutiny will send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Revenue Officer, with a copy of the permit for record.

10. If the cultivators of any block, with regard to which an application for a lease is being proposed, are not unanimous, and if some of them decline to sign the application the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the holders of the net irrigable area of the block have

signed the application. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

11. **Covering leases.**—Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given in Appendix No. II to these rules. This application shall be signed in the presence of the Zilladar or some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures of the leading cultivators in the block in question shall be obtained and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given in Appendix No. IV to these rules, and shall at once supply water.

12. **Kharif season leases.**—If a lease for which an application has been filed for a term of years is not concluded for any reasons and water has been supplied under a covering permit, the lease shall be treated as a kharif season lease and water rates charged in accordance with item 2 of the schedule of rates.

Kharif season leases may be granted within the areas set apart for long leases but holders of kharif season leases will not be entitled to water until the demands of the long-leased area have been met or there is surplus water. The rates to be paid will be in accordance with item 2 of the schedule of rates. These leases will expire on the 31st of October each year. Applications for kharif season leases may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix V to these rules. The permit for the supply of water in the form given in Appendix VI to these rules will be granted by the Subdivisional Canal Officer.

13. **Single watering leases.**—Applications for a single watering during the kharif season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given in Appendix No. VII to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the irrigable lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given in Appendix No. VIII to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

14. **Rabi season leases.**—Applications for water to irrigate spring rice or other crops excluding sugarcane between November and March inclusive, may be presented at the Subdivisional Canal office or to the

Sectional Officer. They must be in the form given in Appendix No. IX to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix X to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

15. **Sugarcane season leases.**—Applications for water to irrigate sugarcane between the 1st November and the 31st March inclusive may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix XI to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on these areas for which water is actually used as determined by measurement. The permit in the form given in Appendix XII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

16. **Single waterings in the hot weather.**—If water is available in the hot weather months it will be supplied in single waterings for the irrigation of any crop between 1st April and 14th June on the receipt of applications in form given in Appendix XIII to these rules: the Subdivisional Canal Officer will issue the permit in the form given in Appendix XIV to these rules.

17. **Supply of water.**—The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

18. Under the forms of Irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

19. The Divisional Canal Officer will give the required supply by rotation in accordance with the sanctioned tatil table and map where such exists. He is required to give the lessees written notice informing them of the periods when they will be supplied with water. No alteration is permitted in the table of rotation without the written sanction of the Superintending Engineer.

20. **Collection of water-rates.**—The rates due for water supplied shall be collected by the Revenue Officer through his staff of Zilladars, Tahsildars and peons. All khatians or demand statements shall be signed by the Revenue Officer after scrutiny in his office.

21. At the time of preparation of the khatian in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

22. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

23. For the purposes of account, control over establishment and general administration, the Revenue Officer is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Bengal Public Demands Recovery Act, 1913, the Revenue Officer is subject to the control of the Collector of the district.

24. **Unauthorised use of water and waste of water.**—If it is necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against the assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged in accordance with the provision in the schedule of rates attached to these rules.

25. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the Revenue Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (hereinafter referred to as the Act) shall count from the date on which the order of the Divisional Canal Officer is received by the person assessed, which date shall be endorsed on the order.

26. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate employed on the canal.

27. **Complaints and applications.**—All complaints or applications with respect to the supply of water, defective drainage, and generally all matters relating to the administration of the canals, shall be received on presentation at either the Divisional or Subdivisional Canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Revenue Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

28. Complaints or applications with respect to corrections of the assessment, the actions of the amins in assessing and the actions of the Tahsildars and other staff employed in collection shall be received at the office of the Revenue Officer, or at the Zilladars' offices.

29. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

30. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

31. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of an order may be sent by registered post if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

32. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the records of the proceedings shall be obtained through the Divisional Canal Officer, who may endorse such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, he may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is disposed of.

33. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

34. **Remissions and alterations of demands.**—Whenever the crop on any land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming such remission shall have applied for it not less than 15 days before the reaping of the crop.

35. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not in that season derived any benefit from the supply of canal water.

36. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

37. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of Divisional Canal Officer.

38. Revision of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Revenue Officer, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

39. Remissions of water-rates on account of injury to the crops caused by inundation, blight, storms or any extraordinary cause or for any other reason will only be allowed under the special orders of the Local Government.

40. **Irrecoverable demands.**—The Superintending Engineer is empowered to sanction the writing-off of those demands which are reported, after due enquiry by the Revenue Officer, as irrecoverable owing to the poverty of the defaulter or his successors in case of his death, or owing to the defaulter having absconded.

41. **Cultivators' representatives.**—Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Revenue Officer shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

42. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of the applications for leases.

(*ii*) In the measurement of the irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Zilladars any changes in the occupancy of lands under lease.

(*vii*) In assisting the Tahsildar in collecting rates.

43. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Revenue Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 42 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

44. The Revenue Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

45. Applicants for single waterings for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 42 and shall receive remuneration on the same scale as in rule 43.

46. **Power to decline or cancel leases.**—Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

47. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any leases for a term of years, if on the 1st June of any year, water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

48. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I. No tank shall be filled unless the water is to be used exclusively for domestic purposes or for watering cattle.

II. No tank shall be filled from which irrigation is practised.

III. No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV. No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V. No tank shall be filled unless the channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI. The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

49. Except when a public right of way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (*9*) of the Act.

50. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Act, as a place for relieving the calls of nature is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (*9*) of the Act.

51. When tanks which are used both for irrigation and domestic purposes are filled with canal water, a charge at the rate of rupee one will be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of Rs. 2 for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorised manner.

52. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 530L.C.—4th February, 1933.—The following report of the Select Committee on the Bengal Money-Lenders Bill, 193 , by Khan Bahadur M. Azizul Huque, M.L.C., with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Money-Lenders Bill, 193 , by Khan Bahadur M. Azizul Huque, M.L.C.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Money-Lenders Bill, 193 , was referred by a motion carried in the Bengal Legislative Council on the 22nd November, 1932, have the honour to submit this our report with the Bill as re-drafted by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 29th September, 1932.

2. The Committee met for the first time on the 30th November, 1932, and concluded its sittings on the 13th January, 1933.

3. We consider that the Bill has been so altered as to require republication.

4. The changes made in the Bill are detailed below :—

Long title.—We have inserted a long title to the Bill.

Preamble.—We have made drafting alterations in the preamble and have also inserted the usual provision regarding previous sanction.

Clause 1.—We have filled in the blank in the year of the Act.

We have inserted sub-clause (*2*) to provide that the Act shall extend to the whole of Bengal except Calcutta and have defined Calcutta and have omitted clause 3 accordingly.

We have made slight drafting alterations in clause 2 and inserted it as sub-clause (*3*) of clause 1.

Clause 4.—We have inserted a definition of money-lender. We think it is advisable to restrict the Act to loans of money only and not of kind.

We do not consider a definition of usury necessary.

Clauses 5 to 9.—We have omitted the provisions dealing with the registration and licensing of money-lenders as being almost impossible to apply in practice.

Clause 10.—We have re-drafted clause 10 making it clear that no money-lender shall be entitled to recover compound interest in the case of a loan made after the commencement of this Act at a higher rate than 10 per cent. per annum or where the rests are at intervals of less than six months.

Our re-draft follows to some extent the language of the proviso to section 179 of the Bengal Tenancy Act, 1885, and has been inserted as clause 10A.

Clauses 11 and 13.—We have reproduced clauses 11 and 13 with certain modifications as clauses 18A and 18B.

Clause 12.—Clause 12 has been omitted on account of the administrative difficulties involved.

Clause 14.—We have recast this clause reducing the rates of interest specified, and introducing the principle laid down in clause 14A.

Clause 14A.—We have introduced a provision somewhat on the lines of *Damdupat* in respect of loans made after the commencement of this Act.

Clause 15.—We consider that it is undesirable to fix maximum rates for interest on loans, and that the provisions of clauses 14 and 14A of the Bill as reported will be sufficient. Clause 15 has, therefore, been omitted.

Clause 16.—We are not in favour of making usury a criminal offence. We have accordingly omitted this clause.

Clauses 17 and 18.—These clauses present administrative difficulties and have therefore been omitted.

Clause 19.—We have substituted in new clause 19A provisions enabling the debtor to deposit money in Court when he has sent it to a money-lender and a money-lender has refused to accept it and have omitted clause 19.

Clause 19B.—We have added a rule-making clause as clause 19B.

We recommend that the Bill, as amended by us, be passed.

NOTE 2.—The signatures of Messrs. Syamaprosad Mookerjee, H. S. Suhrawardy and J. N. Basu had not been received up to the time of printing the Report.

Minute of dissent by Mr. N. K. Basu, M.L.C.

I cannot agree to the provisions of clauses 14 and 14A as settled by the Select Committee. I am afraid that in their zeal the majority of the committee have lost sight of the conditions of the province. The following extracts from the report of the Provincial Banking Enquiry Committee will be relevant:—

"It would not be right in the present condition of our counry" to fix maximum rates of interest "in the case of unsecured loans. Restriction of interest must always tend to divert money available for investment from money-lending to other forms of business, and the money available for loans in Bengal does not seem to be any too abundant at present."

[The report is dated 1930 and it is needless to draw attention to the state of things in 1933.]

"To give protection to these borrowers," *viz.*, those who have taken unsecured loans, "we think it desirable to provide that any rate in excess of 48 per cent. shall be presumed by the courts to be "excessive" within the meaning of the Usurious Loans Act."

"Almost all *mahajans* insist on the punctual payment of interests, for this forms their principal source of income."

"Loans to agriculturists given on the security of their holdings generally bear interest from 18¾ per cent. to 37½ per cent., the latter rate being usually the common rate."

"Indian public opinion does not condemn the usurious rates of interest charged by money-lenders, and although by reason of usury or harsh treatment an individual money-lender may be disliked in the locality, there is seldom any expression of public opinion against his conduct."

The list of money-lenders' usual rates prevalent in the districts given in the report (paragraph 413) is as follows:—

	Per cent. per annum.		Per cent. per annum.
Burdwan	24 to 175	Faridpur	15 to 150
Birbhum	15 to 37½	Chittagong	15 to 75
Bankura	15 to 25	Noakhali	24 to 75
Midnapore	12 to 75	Tippera	24 to 75
Hooghly	12 to 37½	Rajshahi	18¾ to 75
Nadia	37½ to 75	Pabna	37½ to 300
Jessore	18¾ to 75	Dinajpur	24 to 75
Khulna	25 to 37½	Rangpur	37½ to 66¼
Murshidabad	18 to 120	Malda	10¾ to 75
24-Parganas	15 to 150	Jalpaiguri	10 to 50
Dacca	12 to 192	Darjeeling	30 to 60
Mymensingh	24 to 225	Howrah	12 to 175
Bakarganj	24 to 100		

It must have been in view of the above that the hon'ble mover of the Bill, himself a distinguished member of the Banking Enquiry Committee, proposed the rates mentioned in clauses 14 and 15 of the Bill, and not merely for the purpose of making the Bill more attractive to members of the Council.

I am afraid also that the terms of the Bill, as settled in Select Committee, will tend to make evasion of the Bill more widespread and thereby weaken the respect of a large section of the people towards law generally.

Moreover, the provision in clause 14A relating to *Damdupat* is in my submission calculated to make the position of honest debtors if anything harder than that of those who withhold payment of interest and thereby deprive the *mahajan* of his "principal source of income."

While, therefore, I sympathise with the noble objects of the promoter of the Bill, I am distinctly of opinion that the present is not at all an opportune time for proceeding with it and that the provision as to interest settled by the Select Committee will not be in the true interests of the country.

Minute of dissent by Babu Khetter Mohan Ray, M.L.C.

In the Statement of Objects and Reasons, and also in the speech introducing the Bill, the mover gave out that amongst others, his objects were to afford relief in cases of excessive rates of interest and harsh and unconscionable transactions, and to put an end to the "shameless extortions" by a certain class of people popularly

known as the Kabuli money-lenders. The Bill, as it has emerged out of the Select Committee though shorn of its many objectionable features, is far more objectionable than the original Bill. The Select Committee have introduced two new clauses, namely, clauses 14 and 14A. The law of *Damdupat* is sought to be introduced by these clauses in an aggravated form. The law of *Damdupat*, as it obtains in the Presidency of Bombay and in the town of Calcutta, is quite a different thing from what is contained in clause 14. The Hindu Law never contemplated such *Damdupat*. Clauses 14 and 14A are revolting and drastic changes have been made affecting the money-lending, the joint-stock banks and internal trade and industries of the country which depend on the money-lending in general. All joint-stock banks will be hard hit as soon as the Bill in its present form is passed into law. From the debtors' point of view, these clauses should not be placed into the Statute Book of the country. Perhaps those who have supported these changes have not realised their implications. The rule of *Damdupat*, as it obtains now in some parts of India and in the Hindu Law, is that the amount of interest recoverable at any time cannot exceed the principal. This rule of *Damdupat* does not forbid the conversion by subsequent agreement between the debtor and the creditor of interest in arrear into capital. Thus, where a fresh bond is executed by the debtor for the aggregate amount of the principal and interest due under the old bond, the principal for the purpose of the rule of *Damdupat* is the amount of the fresh bond. But, according to clause 14, if the aggregate amount of interest paid amicably by the debtor exceeds the principal, the law in the said clause will apply and as a corollary to the rule, the amount realised in excess of the principal will have to be refunded or be deducted from the principal. For the law in the clause forbids recovery of any sum in excess of the principal and such realisation will be illegal; money obtained illegally is by application of general law not legally recoverable. It is said that the renewed bonds or the fresh accounts in substitution of the old one which is closed will not come up within the purview of the clause. Some members of the Select Committee supported these clauses on this view of clause 14. But it is submitted that according to the well-established principles of interpretation renewed bonds or the fresh accounts will be construed in continuation of the old contracts and clause 14 will apply. Mercantile firms and honest individual debtors generally pay interest as it falls due and the debt is carried over for a considerable period for the mutual benefits of the debtor and the creditor. When the debtor ceases to pay interest and is unable to provide for service of debt, the creditor should not be permitted to allow interest to accumulate exceeding the principal and if he does so, he will do it at his risk. But in the case of an honest debtor who pays interest or adjusts the amount of interest by a fresh bond, why should he not be allowed to do so, if it suits his interest? Clause 14 will compel the creditor to sue for his money when added up interest (paid and in arrears) exceeds the principal. All kinds of debtors including the *zamindars*, merchants and agriculturists and the joint stock banks in the *mufassal* both as debtors and creditors will be affected. I do not find any reason why an honest debtor unable to pay principal should not be allowed to prolong the term of the loan without accumulation of interest, by arrangement, or adjustment and agreement with the creditor. By clause 14 the creditor will be forced to sue the debtor, however honest and good a paymaster he may be, when the aggregate amount of interest paid exceeds the principal. It is evident that capital is urgently necessary for carrying on all industries including agriculture. This law will make the capital fly shy of agriculture and it will flow to Calcutta where the Bill will not be operative.

One of the important grounds for dropping such a measure as the present one is that the capitalists and joint-stock banks which may survive the blow dealt by the Bill will flock to Calcutta, where restrictions imposed on the money-lending by the Bill will not apply; and agriculture and other industries will suffer. Joint-stock banks and many traders and *mahajans* generally borrow money at Calcutta, Calcutta banks and capitalist charge compound interest with quarterly rests. It will be quite clear that the money which used to flow to the *mufassal* will be stopped and internal trade and business in general and money-lending will suffer.

I have not got sufficient time to examine whether and how far the Central Co-operative Banks will be affected by the general law on interest. At a time when the country is passing through acute economic crisis, such innovations as contained in clauses 14 and 14A should not be introduced into the law of the country. It will paralyse the commercial activities which are at the lowest ebb.

With regard to clause 14, I am not opposed to other provisions of the clause, but I would delete all sentences and words underlined and clause 14A altogether. In clause 10A, I would put 12½ per cent. for 10 per cent. I would delete clauses 18A and 18B as I consider them as mischievous and provisions contained in those clauses will increase litigation by encouraging false defence.

In conclusion, I would point out that the Bill recommended by the majority of the Select Committee should be widely circulated for eliciting public opinion if it is not dropped altogether, because no opinion was solicited on the drastic innovations. I cannot understand why there should be so much hurrying over the Bill. People, especially agriculturists, will get poor relief from this Bill in the present economic condition. Almost all the agriculturists are not in a position to repay even the principal, if interest is remitted. What is needed in the present circumstances for

their relief is either that the debts should be adjusted, or that the prices of agricultural products should be raised. The Bill is intended for the future. We do not know as yet what turn the economic condition of the country will take in the future. We should wait till the present crisis is over.

Minute of dissent by Mr. A. M. Poddar, M.L.C.

I sign the Report of the Select Committee subject to this minute of dissent:—

Clause 10A of the Bill, as inserted by the Select Committee, should be omitted.

My reasons for not agreeing to the clause are that compound interest is in itself perfectly legal and a stipulation in a bond for the payment of compound interest at the same rate as that payable on the principal should not be made invalid. Compound interest is an incentive to pay up the loan and is a check on undue delay in repayment.

Clause 14.—It is very doubtful whether any legislative enactment can regulate the rate of interest—it may, on the other hand, tend to promote fraud and extortion. The court of law is given ample power to give relief to the borrower if the transaction be found unfair and the rate of interest harsh and unconscionable. The authority of the court to relieve against exorbitant charges of interest should not be disturbed. That the court is competent enough to grant relief whenever the rate of interest appears to the court to be excessive, is a principle admitted by the modern decisions of the different High Courts.

Legislation intended for the prevention of usury or the levy of excessive rates of interest has been made in different countries of Europe and in India, but it was found in consequence that stringency of the law of usury led to the stringency of money market and it very badly affected trade and commerce, as money could not be procured for the purpose at the maximum rates of interest fixed by the usury laws. To meet this situation the usury laws had to be repealed in England in 1854, while most other European countries followed the example of England during the next decade. In India, too, the usury laws were repealed in 1855. Even in 1927 the English Money-Lenders Act had to be amended fixing the maximum rate of interest recoverable in courts at 20 per cent. in cases of pledges of movable property. In other cases, it was enacted that the courts shall presume that the transaction is harsh and unconscionable if the rate exceeds 48 per cent. The condition prevailing in Europe and other countries is quite different from that in India. The credit facilities in the latter are almost nil in comparison to the former. The money-lenders in India are again to face greater deal of risk—such as the rigid social customs, strict tenancy laws, religious scruples, difficult laws of inheritance, the joint family system and the failure of crop, etc. With all these hindrances and risks and on the face of the sinister no-payment campaign in the country it is too much to expect of the money-lender to come forward to invest money in loan; and if the rate of interest be lowered by legislative enactments, the money-lenders may be prompted to take to businesses other than the loan—when the risk is great the rate of interest must be high.

For these reasons I cannot subscribe to the recommendations of the Select Committee to lower the rate of interest than that proposed in the original Bill, *i.e.*, Rs. 12½ and Rs. 18¾ instead of Rs. 18¾ and Rs. 37½ for the secured and unsecured loans, respectively.

Clause 14A.—This new clause provides a bar to recover interest exceeding the principal. This is somewhat on the lines of the rule of *Damdupat* in Hindu Law which is at present in force in the Presidency town of Calcutta in Bengal. It is rather a rule of limitation and is applicable when both the parties are Hindus and only during the existence of the relation of a debtor and a creditor. The rule introduced by the Select Committee is far wider in scope and goes against the rulings of different High Courts. I am opposed to the inclusion of this new clause.

Clauses 18A and 18B.—The inclusion of these two clauses will serve no useful purpose; it will rather complicate the procedure in the court. At present no money-lender refuses any information to the debtor whenever asked for; so there is no necessity for legal enforcement. Debtors would take frequent recourse to these sections for avoiding payment of interest and the postal peons may be gained over by either side to send a false report.

Minute of dissent by Rai Satyendra Kumar Das Bahadur, M.L.C.

I have the honour to record below minute of dissent regarding the Bengal Money-Lenders Bill, 193 , by Khan Bahadur Maulvi Azizul Haque, M.L.C., as amended by the Select Committee.

Clause 1 (2).—Not only Calcutta should be excepted from the operation of the Bill when passed into Act; but all municipal areas and also recognised river markets (*e.g.*, Mirkadim, Bhairab, Saturia) in Bengal should be excepted.

Clause 10A.—The rate of interest, as specified in this clause, should be exceeding 12 per cent. per annum; because the usual co-operative bank rate of interest in rural areas is 12 per cent. per annum.

Clauses 14 and 14A should be omitted for various reasons to be explained by me in the Council and also because Act X of 1918 is still in force. Moreover, these *Damdupat* clauses will not give relief to the debtors as intended; but rather will cause hardship upon the debtors. For, the creditors, in order to prevent their interest being barred on account of the operation of these clauses, will more often go to the court as soon as they find the interest is nearly reaching the principal amount of the loan.

Clause 18B.—The time-limit as provided in this clause should be extended to three months instead of one month for giving reasonable facility for compliance to those creditors who might be far away from the spot of business.

Clause 19B should be deleted; for it will give rise to various complications. The rules that are considered necessary for carrying out the purposes of this Act might be embodied in the Act itself as appendices.

J. W. MCKAY,

Secy. to the Bengal Legislative Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 531L.C.—4th February, 1933.—The following report of the Select Committee on the Opium (Bengal Amendment) Bill, 1931, with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Opium (Bengal Amendment) Bill, 1931.

We, the members of the Select Committee of the Bengal Legislative Council to which the Opium (Bengal Amendment) Bill, 1931, was referred by a motion carried in the Bengal Legislative Council on the 8th August, 1932, have the honour to submit this our Report with the Bill as amended by us annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 21st January, 1932.

2. The Committee met for the first time on the 22nd November, 1932, and concluded its sittings on the 13th December, 1932.

3. We do not consider that the Bill has been so altered as to require re-publication.

4. The changes made in the Bill are detailed below :—

Clause 1 (1).—We have made a necessary alteration in the short title.

Clauses 4 (1a) and 6A.—In view of the increased penalties both in the period of imprisonment and in the fine, which by clause 4 (*1*) of the Bill may now extend to two years and to more than Rs. 1,000, respectively, it is necessary to alter the word " Magistrate " to " Court " in sections 9 and 12 of the Act as the powers of an ordinary Magistrate are limited.

Clause 4.—Explanation.—The omission we have made in the explanation is to strengthen the provisions of the section by throwing the onus on the accused. We considered this of great importance.

Clause 5.—New section 9C.—We have inserted a safeguard in new section 9C (*a*) as we think it desirable that an opportunity should be given to the holder of a license, before he is liable to be fined, to explain satisfactorily the reasons for his being unable to produce his license.

In 9C (*c*) we have made a small emendation to make the intention of the clause quite clear.

In new section 9F we have omitted the maximum limit of fine in order to bring the proposed new section into line with the proposed new section 9D where the amount of fine is unlimited.

Clause 6.—We have removed an ambiguity in the law by making it clear that all means of transport used for smuggling opium, *e.g.*, carts, vessels, crafts, may be liable to confiscation. At present the word " vessel " in the existing section would appear to mean only a receptacle. The change is based on the analogy of section 63 of the Bengal Excise Act, 1909.

Clause 7.—(*i*) We have changed the opening words in section 14 of the Opium Act to make it clear what officers of the various departments are empowered under this section.

(*ii*) We have deleted sub-clause 7 (*2*) as being unnecessary.

(*iii*) We have inserted a provision on the lines of section 23 (*1*)(*c*) of the Dangerous Drugs Act to authorise the seizure of any thing or document likely to throw light on the alleged offence, as we consider this desirable.

Clause 8.—We have made a consequential amendment in section 15 (*a*) of the Opium Act, following the principle of the amendment referred to in paragraph (*iii*) above.

Clause 11.—(*i*) We have omitted the words " in any local area " in proposed section 20 (*2*) as being unnecessary.

(*ii*) We have made slight drafting changes in proposed new section 20A (*2*) and (*4*) and have added the words " with or without security " in the proviso to proposed section 20A (*3*) for the more convenient working of the section.

(*iii*) In addition to a small drafting change in proposed section 20B (*3*) we have inserted provisions on the lines of the Criminal Procedure Code so as to include safeguards in the matter of witnesses giving evidence before an investigating officer under proposed section 20B (*4*).

We also think such witnesses shall not be required to take the oath and proposed section 20B (*6*) has been inserted accordingly.

Proposed new section 20BB.—We consider it desirable to have a provision similar to section 169 of the Code of Criminal Procedure, 1898, and section 74 (*2*) of the Bengal Excise Act, 1909, and we have inserted the same as new section 20BB.

Proposed new section 20F.—The object of the amendment is to make the intention clearer.

Proposed new section 20H.—An addition has been made at the end of this proposed new section to provide a necessary safeguard on behalf of the accused.

Official Papers.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 26th January 1933.

Final Forecast of the Sugarcane Crop of Bengal, 1932-33.

(*Note.*—On an average of the five years ending 1930-31, the area under sugarcane in Bengal has represented some 7·0 per cent. of the total area under sugarcane in British India.)

Character of the season.—As indicated in the second forecast, the weather was generally favourable during the early stages and also during the period of growth. Subsequently at the time of harvest also the condition was satisfactory except in the important district of Dinajpur where untimely rainfall in November caused some damage to the crop.

Acreage.—The total area planted is estimated at 233,200 acres this year as against 233,400 acres last year.

Outturn.—According to the estimates of the District Officers, the average outturn of the crop for the province works out at 94 per cent. of the normal this year as against 86 per cent. last year.

Taking 56-2/5 maunds as the normal yield of cane gur per acre, the gross outturn for the province is estimated at 454,200 tons this year as against 272,800 tons last year.

Other sources of gur.—The total quantity of gur likely to be obtained from date-palm juice and others is estimated at 102,900 tons this year as against 103,400 tons last year.

The quantity of gur for the province from all sources is thus estimated at 557,100 tons this year as against 376,200 tons last year.

G. P. Hector,
Director of Agriculture, Bengal.

Calcutta, the 4th February 1933.

Resolution on the annual progress report on forest adminisration in the Presidency of Bengal for the year ending the 31st March 1932.

REVENUE DEPARTMENT.

Forests.

CALCUTTA, THE 4TH FEBRUARY 1933.

RESOLUTION—No. 1311 For.

Read—

The annual progress report on forest administration in the Presidency of Bengal, for the year ending the 31st March 1932.

Read also—

The reports of the previous three years and the Government resolutions thereon.

Mr. E. O. Shebbeare was in charge of the Northern Circle except for one month during his absence on leave when Mr. A. K. Glasson held charge. Mr. J. H. Lyall was in charge of the Southern Circle throughout the year.

2. The foreward to the report depicts the state of affairs prevailing in the Forest Department during the year under report. Owing to the general depression and the fall in the demand for timber and forest produce, the Northern Circle ran at a loss of Rs. 91,196 and a deficit was narrowly averted by the Southern Circle making a profit of Rs. 1,25,212.

3. The scheme for the formation of ranges in the Sundarbans Forest Division has been given effect to and three motor launches out of the five motor launches necessary for the five Ranges were completed during the year. The cost of maintaining the launches and flats at Sundarbans Division came to Rs. 58,132 as against Rs. 55,005 in the previous year. The Range scheme is an imperative necessity in order to prevent continual decline of revenue and gradual depletion of the Sundarbans Forests, which in the last normal year 1929-30, produced a gross revenue of no less than Rs. 8·98 lakhs out of a total of Rs. 30·52 lakhs for the whole of Bengal. The financial situation and the great fall in forest income, however, have unfortunately prevented expenditure on many other profitable schemes.

4. **Area.**—The area of reserved forests increased from 6,506 to 6,561 square miles. The increase was in the Chittagong and Cox's Bazar Divisions. The area of protected and unclassed forests remained unaltered. The total area of forests thus increased from 10,624 to 10,679 sqaure miles or 13·90 per cent. of the total area of the Presidency.

In the Northern Circle no new reservations were made during the year. In the Southern Circle the areas finally settled were 36 square miles in addition to 19 square miles declared in the previous year. During the year demarcation of 141 miles of exterior boundaries of new reserves in the Chittagong and Cox's Bazar Divisions was completed at a cost of Rs. 6,646. The topographical survey of the Tripura State undertaken by the Survey of India to settle the dispute with that State about the boundary of the Maini Head Water Reserve in the Chittagong Hill Tracts is expected to be carried out in 1932-33.

The Survey of India did not survey any forest areas during the year. The preparation of 4″ photographic enlargements of forest maps in Northern Bengal was in progress.

Only Rs. 6,000 was spent on construction of roads and bridges against Rs. 12,000 in the previous year. The total expenditure incurred on the construction of new buildings was Rs. 34,910 against Rs. 25,636 in the previous year. The cost of repairs to buildings was Rs. 46,200 against Rs. 43,160 in 1930-31.

5. **Working plans.**—The revised working plans for the Darjeeling and Buxa Divisions were sanctioned during the year. The working plan for the Kurseong Division is ready for print. The revised working plan for the forests of the Sundarbans Division was sanctioned after the close of the year, but the prescriptions were brought into effect from the 1st April 1931. The prescriptions of the working plans were followed as far as circumstances permitted and all deviations were duly sanctioned.

6. **Utilisation.**—Departmental operations were carried on in the Kurseong, Jalpaiguri and Buxa Divisions. In the Kurseong Division owing to heavy wind-falls caused by cyclone sal was extracted departmentally on a larger scale than usual. In the Jalpaiguri and Buxa Divisions departmental operations were reduced owing to the slump in the timber market and the decrease in the demand of railways for sleepers.

The sale of round sal timber at the Government Timber Depôt at Siliguri decreased from 21,077 c. ft. to 20,789 c. ft. but the sale of sawn sal increased by about 8,000 c. ft., and in spite of considerable reductions in sale-prices the gross revenue collected on mill account increased by nearly Rs. 11,000. The trading account of the Siliguri Saw mill, however, showed a loss of Rs. 982 on the year's working. This result is due to writing down of stock and to defective and unsaleable logs supplied to the mill having been valued at the highest market rates for good selected timber.

7. In accordance with the terms of the supplementary agreement with the India Paper Plup Co., Ltd., the public were allowed to extract bamboos from the Kassalong Reserve in the Chittagong Hill Tracts Division. The royalty realised from them was was Rs. 18,445 or Rs. 8,445 more than the minimum royalty of Rs. 10,000 payable by the Company under the agreement.

8. **Natural calamities.**—For the second year in succession serious damage was caused by a cyclone in the Northern Circle. This year the Sevoke blocks of the Kurseong Division suffered. It was estimated that about four lakhs of cubic feet of sal were blown down and that there was another lakh of cubic feet in the trees which were dying as the result of torn tap-roots.

9. **Outturn, revenue and expenditure.**—There was a further fall in the outturn of various kinds of forest produce. The revenue, expenditure and surplus during the year, compared with the previous year, are shown below:—

Year.	Revenue.	Expenditure.	Surplus.
	Rs.	Rs.	Rs.
1930-31 ..	23,12,049	15,93,037	7,19,012
1931-32 ..	16,94,479	16,60,534	33,945

All divisions except Dacca-Mymensingh shared in the heavy decrease, which was mainly due to the economic distress and world-wide trade depression. The increase in expenditure is in the Southern Circle and is mainly due to the payment of 50 per cent. overhead charges for the repair of launches at the Government Dockyard, Narayanganj, and the construction of boats and dinghis and the purchase of launches for the Range scheme in the Sundarbans Division.

10. The total value of the sales of forest produce during the year amounted to Rs. 12,78,704 against Rs. 18,07,827 in the previous year, showing a decrease in sales of Rs. 5,29,123. The value of forest produce granted free of royalty was Rs. 60,721 against Rs. 55,317 of the previous year.

11. The total value of minor produce disposed of at scheduled rates amounted to Rs. 5,18,222 against Rs. 5,59,110 in the previous year.

Three rhinoceros horns weighing 279 tolas in all were sold for Rs. 3,139 during the year. The attempt to find a market for *haritaki* (Terminalia Chebula), *amlaki* (Albizzia stipulata), *bahera* (Terminalia balerica) and *ritha* (Sapindus emarginatus) has not been successful.

12. The total outstanding revenue at the close of the year was Rs. 2,53,255 against Rs. 3,11,051 in 1930-31. Although the Southern Circle showed much improvement, the outstandings in the Northern Circle increased owing to the slump in the timber market and the consequent difficulty of realising dues from purchasers.

13. The total number of elephants on the stock list in the two Circles at the close of the year was 26 including two calves. One elephant in the Southern Circle died during the year.

In the Northern Circle four persons were killed by tigers and one forest guard was severely wounded by a wild boar in the Buxa Division. In the Sundarbans Division of the Southern Circle, five persons were killed by tigers as compared with eight in the previous year. Three persons were killed by crocodiles. Rogue elephants killed five men and a tiger killed one in other divisions. Rupees 850 was paid as rewards for killing six tigers. Rupees 350 was also paid as rewards by the Collector of the 24-Parganas for killing four tigers outside the Sundarbans Forest Division. The number of permits issued for shooting deer in the Sundarbans Division was 43 against 161 in the previous year. Special measures were taken against rhinoceros poaching and an Act has been passed for protection of rhinoceros. Killing of deer by parties of tea-garden coolies armed with bows and arrows is reported from Jalpaiguri Division.

14. The collection of tolls for fishing in the Sundarbans rivers in the district of Khulna was started from the 17th November 1931. The revenue collection of the Forest Department from this source amounted to Rs. 3,489 during the year.

15. The Barkal revenue station in the Chittagong Hill Tracts Division was abolished from the 1st September 1931, as the Government of Assam have re-opened from the 1st June 1931 their revenue station at Baraharina for collection of revenue on forest produce removed from the Lushai Hills.

The thanks of the Governor in Council are due to Messrs. Shebbeare and Lyall for their successful administration of the forest circles and also to Mr. Glasson who officiated for a month as Conservator of Forests, Northern Circle. His Excellency in Council also notices with pleasure the record of good work done by other officers of the department mentioned in the report.

ORDER.—Ordered that the above resolution be published in the *Calcutta Gazette*.

Ordered also that a copy of the above resolution be forwarded to the Conservators of Forests, Nothern and Southern Circles, Bengal.

Irrigation.

NOTIFICATION.

No. 2-I.—16th January 1933.—In supersession of notification No. 178, dated the 22nd August 1898 (published at pages 909-911, Part I of the *Calcutta Gazette* of the 24th August 1898), as amended by subsequent notifications, the following draft of rules and schedule of rates, which, in exercise of the power conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor in Council intends to make, for the supply of water from the combined Damodar and Eden Canal (to be called the Damodar Canal), is hereby published for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 20th February 1933 and any objections or suggestions received by the undersigned before that date will be duly considered:—

Draft rules and schedule of rates.

1. **Lease for a term of years.**—The country served by the Damodar and Eden Canals (hereafter called the Damodar Canal) shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officers under the guidance and control of the Divisional Canal Officer.

2. Each block formed under rule 1 shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officers. The blocks shall also be marked on maps to be maintained by such officers.

3. Leases for not more than seven years may be granted for the whole irrigable area of a block or for a definite part of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently, a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they shall expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, except where a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Chief Engineer shall fix from time to time the gross area for which, and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which leases have been taken for a term of years, or in which there is any prospect of such leases being taken, shall be kept in the Subdivisional Canal offices. These maps shall be drawn to a scale $32'' = 1$ mile when such are available, and elsewhere to a scale $16'' = 1$ mile.

6. Applications for long leases for the irrigation of any crop between the 15th June and the 31st March must be filed by the 1st of September, after which applications for long leases will not be received. The preliminary application for a new lease for a term of years, or for the renewal of such lease, shall be made in writing but may be of an informal nature. It may be presented and shall be received either at the Subdivisional or Sectional Canal office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall forward the preliminary application to the Zilladar, in order that the detailed assessment may be taken in hand. The lands in respect of which the lease is to be granted shall be indicated on a copy of the map referred to in rule 5.

7. The Zilladar on receipt of the application shall prepare the detailed assessment paper (khasra) of the land with the aid of the district settlement map, the record-of-rights and the plot index if available. If there is no settlement map of the area, an amin shall make a sketch map and a *khasra* and shall measure the areas of the plots with a chain or measuring rod.

8. When the *khasra* is prepared the Zilladar shall forward it to the Subdivisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Subdivisional Canal Officer, he shall return it to the Zilladar endorsed with his signature in token of approval.

The Zilladar shall then prepare a khatian or abstract of the *khasra*, and shall have the form of application, given in Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been duly signed, the Zilladar shall send it to the Deputy Collector or other officer in charge of the revenue division hereafter called the Revenue Officer who after scrutiny will send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer by means of his Sectional Officer. The Divisional Canal Officer shall return the application to the Revenue Officer, with a copy of the permit for record.

10. If the cultivators of any block, with regard to which an application for a lease is being proposed, are not unanimous, and if some of them decline to sign the application the Zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer is authorised to grant a lease when not less than 95 per cent. of the holders of the net irrigable area of the block have

signed the application. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

11. **Covering leases.**—Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given in Appendix No. II to these rules. This application shall be signed in the presence of the Zilladar or some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures of the leading cultivators in the block in question shall be obtained and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given in Appendix No. IV to these rules, and shall at once supply water.

12. **Kharif season leases.**—If a lease for which an application has been filed for a term of years is not concluded for any reasons and water has been supplied under a covering permit, the lease shall be treated as a kharif season lease and water rates charged in accordance with item 2 of the schedule of rates.

Kharif season leases may be granted within the areas set apart for long leases but holders of kharif season leases will not be entitled to water until the demands of the long-leased area have been met or there is surplus water. The rates to be paid will be in accordance with item 2 of the schedule of rates. These leases will expire on the 31st of October each year. Applications for kharif season leases may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix V to these rules. The permit for the supply of water in the form given in Appendix VI to these rules will be granted by the Subdivisional Canal Officer.

13. **Single watering leases.**—Applications for a single watering during the kharif season, may be entertained if water is available, after meeting the demand for the areas leased for a term of years. The applications may be presented at the Subdivisional Canal office or to the Sectional Officer. They must be in the form given in Appendix No. VII to these rules.

The application must be for a definite block and the signatures of the applicants must cover areas aggregating not less than four-fifths of the irrigable lands in the block.

If the Subdivisional Officer is able to supply water and accepts the application he will require the applicants to pay in advance one-half of the amount due on the areas entered in the application at the rate specified in the schedule of rates, and on this sum being paid he will at once issue a permit in the form given in Appendix No. VIII to these rules and will supply water. When the watering has been concluded the area actually irrigated shall be determined and the assessment shall be made on the areas actually watered within the limits of the block specified in the application and permit.

14. **Rabi season leases.**—Applications for water to irrigate spring rice or other crops excluding sugarcane between November and March inclusive, may be presented at the Subdivisional Canal office or to the

Sectional Officer. They must be in the form given in Appendix No. IX to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix X to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

15. **Sugarcane season leases.**—Applications for water to irrigate sugarcane between the 1st November and the 31st March inclusive may be presented to the Subdivisional Canal Officer or to the Sectional Officer. They must be in the form given in Appendix XI to these rules.

In the applications the areas for which water is required must be specified but the rate will be charged on these areas for which water is actually used as determined by measurement. The permit in the form given in Appendix XII to these rules will be granted by the Subdivisional Canal Officer if he is able to supply the water.

16. **Single waterings in the hot weather.**—If water is available in the hot weather months it will be supplied in single waterings for the irrigation of any crop between 1st April and 14th June on the receipt of applications in form given in Appendix XIII to these rules: the Subdivisional Canal Officer will issue the permit in the form given in Appendix XIV to these rules.

17. **Supply of water.**—The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease or by a lease for a single watering.

18. Under the forms of Irrigation lease in use, no specific supply of water is promised: but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

19. The Divisional Canal Officer will give the required supply by rotation in accordance with the sanctioned tatil table and map where such exists. He is required to give the lessees written notice informing them of the periods when they will be supplied with water. No alteration is permitted in the table of rotation without the written sanction of the Superintending Engineer.

20. **Collection of water-rates.**—The rates due for water supplied shall be collected by the Revenue Officer through his staff of Zilladars, Tahsildars and peons. All khatians or demand statements shall be signed by the Revenue Officer after scrutiny in his office.

21. At the time of preparation of the khatian in the Zilladar's office, each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved for the purpose.

22. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

23. For the purposes of account, control over establishment and general administration, the Revenue Officer is in the position of an Executive Engineer in charge of a division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Bengal Public Demands Recovery Act, 1913, the Revenue Officer is subject to the control of the Collector of the district.

24. **Unauthorised use of water and waste of water.**—If it is necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorised use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against the assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged in accordance with the provision in the schedule of rates attached to these rules.

25. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment papers prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the Revenue Officer, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (hereinafter referred to as the Act) shall count from the date on which the order of the Divisional Canal Officer is received by the person assessed, which date shall be endorsed on the order.

26. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate employed on the canal.

27. **Complaints and applications.**—All complaints or applications with respect to the supply of water, defective drainage, and generally all matters relating to the administration of the canals, shall be received on presentation at either the Divisional or Subdivisional Canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officers for disposal at his discretion.

Any such complaints or applications, if presented to the Revenue Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

28. Complaints or applications with respect to corrections of the assessment, the actions of the amins in assessing and the actions of the Tahsildars and other staff employed in collection shall be received at the office of the Revenue Officer, or at the Zilladars' offices.

29. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

30. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

31. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of an order may be sent by registered post if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be reckoned from the date on which the copy of the order is received by the person.

32. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the records of the proceedings shall be obtained through the Divisional Canal Officer, who may endorse such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, he may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is disposed of.

33. The Divisional Canal Officer is empowered to revise the proceedings of his Subdivisional Canal Officers, and the Superintending Engineer is empowered to call for and to revise the proceedings of all officers under his control.

34. **Remissions and alterations of demands.**—Whenever the crop on any land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming such remission shall have applied for it not less than 15 days before the reaping of the crop.

35. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer is empowered to remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not in that season derived any benefit from the supply of canal water.

36. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least 15 days before the reaping of the crop.

37. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of Divisional Canal Officer.

38. Revision of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Revenue Officer, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

39. Remissions of water-rates on account of injury to the crops caused by inundation, blight, storms or any extraordinary cause or for any other reason will only be allowed under the special orders of the Local Government.

40. **Irrecoverable demands.**—The Superintending Engineer is empowered to sanction the writing-off of those demands which are reported, after due enquiry by the Revenue Officer, as irrecoverable owing to the poverty of the defaulter or his successors in case of his death, or owing to the defaulter having absconded.

41. **Cultivators' representatives.**—Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the Revenue Officer shall, with the concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

42. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of the applications for leases.

(*ii*) In the measurement of the irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Zilladars any changes in the occupancy of lands under lease.

(*vii*) In assisting the Tahsildar in collecting rates.

43. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Revenue Officer may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 42 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

44. The Revenue Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

45. Applicants for single waterings for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 42 and shall receive remuneration on the same scale as in rule 43.

46. **Power to decline or cancel leases.**—Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 1st of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

47. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realizing the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any leases for a term of years, if on the 1st June of any year, water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

48. Tanks may be filled with canal water without charge, wherever water can be made available without injury to the cultivation dependent on a canal under the following conditions:—

I. No tank shall be filled unless the water is to be used exclusively for domestic purposes or for watering cattle.

II. No tank shall be filled from which irrigation is practised.

III. No tank shall be filled which intercepts any line of drainage or is liable to overflow from the accumulation of water from natural causes.

IV. No tank shall be filled except on the written order of the Subdivisional Canal Officer issued on the written application of the persons concerned.

V. No tank shall be filled unless the channel used to convey water to it shall be shown to the satisfaction of the Subdivisional Canal Officer to be in a sound condition when the application is made.

VI. The privilege here accorded may, by the written order of the Subdivisional Canal Officer, be suspended for twelve months for the breach of any of the above rules.

49. Except when a public right of way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under section 93, clause (*9*) of the Act.

50. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Act, as a place for relieving the calls of nature is prohibited. Any person who after due warning commits a breach of this rule may be proceeded against under section 93, clause (*9*) of the Act.

51. When tanks which are used both for irrigation and domestic purposes are filled with canal water, a charge at the rate of rupee one will be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

The Divisional Canal Officer may supply water for manufacturing or other purposes and charge for the same at the rate of Rs. 2 for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied. The same charge will be made if water is taken into a tank without authority or used in an unauthorised manner.

52. No officer employed on the canals, unless especially exempted by the Governor in Council from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Original Side.

Calcutta, the 9th February 1933.

With the sanction of the Governor-General in Council it is ordered by the High Court of Judicature at Fort William in Bengal under the provisions of section 112 of the Presidency Towns Insolvency Act, 1909, that for the present Rules Nos. 28 and 138A of the Calcutta Insolvency Rules, 1910, the following new Rules be substituted, viz.—

28. If within seven days from the making of an order of adjudication, order annulling adjudication, order on application to approve a composition or scheme, order annulling a composition or scheme, or order on application for discharge, the order has not been completed, it shall (in those cases in which the insolvent is the proper party to complete such order) be the duty of the Registrar to report such failure to the Official Assignee, who shall thereupon investigate the reason of the failure of the insolvent to complete the said order, and if upon such investigation the Official Assignee is satisfied that the insolvent is by reason of poverty unable to pay the fees payable to the Court, the Official Assignee shall, if there are assets in his hands belonging to the estate, pay the amount required to the Registrar, who shall thereupon complete the said order. In the event of there being insufficient assets in the hands of the Official Assignee to meet the fees required, or a portion thereof, the Official Assignee shall give a certificate to that effect, and the Registrar shall, upon production of the said certificate and the payment of the amount that can be met from the estate, direct that the order be completed, and the fees, or such portion thereof as may not be available, shall not be levied.

138A. If the insolvent neglects to have the order for discharge drawn up, signed and filed within seven days (and the Official Assignee has refused to give the certificate mentioned in Rule 28) such order shall be vacated: provided that in the case of an insolvent appearing in person at the expiry of seven days notice shall be sent to him by the Registrar by registered post requiring him to have the order for discharge drawn up, signed and filed within twenty-one days from the date of such notice, and in default upon the expiry of such period the order shall be vacated.

And that the following new Rules Nos. 28A and 28B be added after Rule 28 of the said Rules:—

28A. In all cases where any such order as is mentioned in the previous rule is obtained by parties other than the insolvent and the party obtaining the said order is represented by an Attorney, such Attorney will be held personally responsible to the Court for the payment of the necessary fees for completing the said order and of filing the same; provided that if in any case the Judge shall be of opinion that the provisions of this Rule ought not to apply he may so order, and in such case the order shall be completed by the Registrar without the fees payable in respect of the completion of the said order being levied.

28B. Where an order of discharge is granted subject to the condition that judgment shall be entered against the insolvent nothing contained in Rule 28 shall require the Registrar to prepare and complete the said order until the insolvent has given consent in the prescribed form to judgment being entered against him.

The abovementioned alteration and amendments shall come into force as on and from 1st day of March 1933.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th February 1933.

Third and Final Report on the Winter Rice Crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under winter rice in Bengal has represented some 17·4 per cent. of the total area under rice in British India.)

Character of the season.—The period covered by this forecast is that of the harvest during which weather conditions were generally favourable except in some North Bengal districts where heavy rain in December somewhat affected unharvested crops.

Acreage.—According to District Officers' estimates, the total area under winter rice is 15,590,000 acres as compared with 15,571,400 acres last year.

Outturn.—From the summary of the district returns appended, it will be seen that three districts, namely, Rangpur, Bogra and Faridpur report a normal crop, twenty-one districts a crop varying from 70 to 94 per cent. and three districts, viz., Nadia, Birbhum and Chittagong Hill Tracts below 70 per cent. of the normal.

According to the above estimates the provincial outturn works up to 84 per cent. of the normal as against 100 per cent. estimated by this department last year. In my opinion this is an under estimate and the provincial outturn will not fall short of 90 per cent. of the normal this year as estimated in the second forecast. Accepting 90 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 13½ maunds of clean grain per acre, is estimated at 6,958,200 tons this year as against 7,150,100 tons last year.

Director of Agriculture, Bengal.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 698L.C.—18th February, 1933.—With reference to the foot-note at the end of the Report of the Select Committee on the Bengal Money-Lenders Bill, 193 , by Khan Bahadur Maulvi Azizul Huque, M.L.C., published with notification No. 530L.C., dated the 4th February, 1933, in Part IV of the *Calcutta Gazette* of the 9th idem, it is hereby notified for general information that Raja Bhupendra Narayan Sinha Bahadur, of Nashipur and Mr. P. Banarji have subsequently signed the said Report subject to the following minutes of dissent:—

Minute of dissent by Raja Bhupendra Narayan Sinha Bahadur of Nashipur to the Bengal Money-Lenders Bill, 193 , by Khan Bahadur M. Azizul Huque, M.L.C.

I sign the report subject to this note of dissent:—

The Committee has agreed for the publication, but I should go further and say that considering the important changes made therein, and considering that the present Bill, as it has emerged from the Committee, has been so altered and modified both in spirit and form that it requires re-circulation for public opinion. Out of the nineteen clauses in the original Bill as much as eleven clauses have been deleted, and six clauses have been so re-drafted and modified that their original character has practically gone, presenting new appearances altogether. Even the Preamble has undergone sufficient changes. Under the circumstances the present Bill should be withdrawn and the mover advised to bring in a new Bill.

Clause 14A.—This is very dangerous. This should be "No court shall pass any order" instead of "No money-lender shall recover". The principle underlying it is dangerous, unreasonable and absurd. If this clause be retained, *i.e.*, if this principle be accepted, Government should at once make a declaration to pay the Government Promissory Notes, at a period when the interest will be equal to that of the principal and should not issue or float any loan in future for such a period that the total interest payable would be higher than the principal amount. Moreover, it will unnecessarily disturb business and will create a bitter feeling between a good debtor and a money-lender, and will give rise to unnecessary litigation.

Further, it should be noted that the rule of *Damdupat* should not be applied after a decree has been made by a court of competent jurisdiction. There are several rulings on this point, namely, (1) Hari Lal Mullick, 33 Cal. 1929; (2) Lal Behari Dutt *vs.* Thaco Moni Dassee, 23 Cal. 903; and (3) Dhondshet *vs.* Ravji & ors., 22 Bombay 86.

Clause 18A.—I would like to provide a small fee for the posting of the reply of the demand made by a debtor. In the next clause a penalty for failure to supply has been provided for. So, in order to safeguard the position, the money-lender should have to supply the information by a registered post, as in the case of a demand made by a debtor, and thereby he will have to incur an additional expenditure for the benefit and for the satisfaction of his debtor. I would not mind to provide any fees if there be no penalty for the non-supply of the account. There is every likelihood that a debtor may deny the acknowledgment of the receipt of the reply if it be sent per ordinary post, and as a money-lender in order to safeguard his own interest and as a proof that the information so required has been duly sent, should have to send information per registered post; (otherwise the interest will cease to accrue) the actual cost for the transmission should be provided for. There is a similar provision in the Bengal Tenancy Act, under section 57.

Minute of dissent by Mr. P. Banerji, M.L.C., to the Bengal Money-Lenders Bill, 193 , by Khan Bahadur M. Azizul Huque, M.L.C.

I sign the report of the Select Committee subject to the following minute of dissent:—

I think that the Bill ought to apply to the whole of Bengal, without any exception whatever. The proposed exclusion of Calcutta which (as defined in the Bill) will include the headquarters station of the 24-Parganas as well, will to a very large extent frustrate and render negatory the very purpose which the Bill is intended to serve.

One of the main objects of the Bill, I take it, is to protect people against heavy and usurious rates of interests, so that no debtor may have to pay interest at rates exceeding 12½ per cent. in the case of secured and 18¾ per cent. in the case of unsecured loans. But it is a matter of common knowledge that in Calcutta—more almost than in any other place of Bengal—debtors, specially of the poor and middle classes, are compelled to pay interest at rates far higher than 12½ per cent. and 18¾ per cent. per annum.

Again all documents relating to immovable properties may be registered at Calcutta upon the payment of a small additional fee, and hence for usurious money-lenders nothing will be easier than to evade the provisions of the law by getting the loan transactions put through and the necessary documents registered in Calcutta.

Similarly, as Alipore (being within the municipal limits of Calcutta) is excluded from the operation of the Bill, the people of 24-Parganas will be deprived to a large measure of the benefit of the Bill. A legislative measure of the character of the present Bill is bound to involve a certain inconvenience with the rights of contract. But if larger consideration of public utility, lead us to overlook the point, the question arises whether there is a justification for making a distinction between Calcutta and the rest of Bengal and I submit that no such justification has been made out.

NOTIFICATION.

No. 710L.C.—20th February, 1933.—The following report of the Select Committee on the Bengal Patni Taluks Regulation (Amendment) Bill, 1932, with the Bill as amended by the Committee, is hereby published for general information:—

Report of the Select Committee on the Bengal Patni Taluks Regulation (Amendment) Bill, 1932.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Patni Taluks Regulation (Amendment) Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 16th December, 1932, have the honour to submit this our Report with the Bill, as amended by us, annexed. All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.

1. The Bill was published in English in the *Calcutta Gazette* on the 8th December, 1932.

2. The Committee met on the 3rd January, 1933, and concluded its sitting on that day.

3. We do not consider that the Bill has been so altered as to require re-publication.

4. The changes made in the Bill are detailed below :—

Clause 1.—A formal alteration has been made here by the alteration of the year from 1932 to 1933.

Clause 3.—Sub-clause *Third* (*b*) of proposed section 14A has been omitted as a majority of us consider that such a provision will be an unnecessary hardship on the applicant; moreover as such arrears are recoverable as arrears of rent, the interests of the *zamindars* are already sufficiently safe-guarded.

Clause *Eighth* of proposed section 14A has been added in order to enable *zamindars* to draw their dues from the money deposited as soon as possible.

Two printing mistakes in clause *Fourth* and clause *Fifth* have been corrected.

We recommend that the Bill, as amended by us, be passed.

N. B.—The signatures of Raja Bhupendra Narayan Sinha Bahadur of Nashipur, Khan Bahadur Md. Abdul Momin, Khan Bahadur Maulvi Muazzam Ali Khan and Mr. A. F. M. Abdur Rahman had not been received up to the time of printing the Report.

Joint Minute of dissent by the Hon'ble Sir Provash Chunder Mitter, K.C.S.I., C.I.E., Mr. H. C. V. Philpot and the Hon'ble Mr. Bijoy Prasad Singh Roy.

Although *prima facie* there appears to be no strong objection to the deletion of sub-clause *Third* (*b*) of section 14A, yet for reasons which induced Government to include this provision we are not prepared to agree to the deletion in Select Committee—one of the reasons which weighed with Government was that punctuality of payment is an essential feature and accepted principle of the *Patni* system and it would to some extent derogate from that principle if the deletion of sub-clause (*b*) were accepted.

We think, therefore, that Government should at this stage reserve the right to vote for or against deletion after hearing the discussion on the floor of the House.

As regards the insertion of new clause *Eighth* we are unable to accept the amendment.

Apart from other reasons this amendment if accepted will lead to practical difficulties.

Minute of dissent by Babu Hem Chandra Roy Choudhuri, M.L.C.

In my opinion provisions of clause 14A should be made wide enough to include all whose right is affected by sale (*vide* section 174 of the Bengal Tenancy Act, 1885).

Minute of dissent by Mr. Sarat Kumar Roy, M.L.C.

Clause *Third* (*b*) of proposed section 14A ought not to be deleted, as that will be doing injustice to the *zamindars*, inasmuch as by this Bill the *patnidars* are to be given many advantages, therefore it is only fair that the *zamindars* should be given in return facilities for realising their arrears from the *patnidars*, if any, at the time of the setting aside of the sale. The *zamindars* already feel great difficulties in realising such arrears if the *patni taluk* changes hands, especially if that be collusive.

THE BENGAL PATNI TALUKS REGULATION (AMENDMENT) BILL, 1933.

(As amended by the Select Committee.)

(*b*) a sum of money equal to the amount on account of which the sale has been made together with interest and all charges incurred in bringing the *taluk* or tenure to sale, for payment to the *zamindar*, and

(*c*) a sum of money equal to five *per cent.* of the purchase money and in no case less than one rupee for payment to the purchaser.

On receipt of an application to set aside the sale the Collector shall serve a notice on the *zamindar* and the auction purchaser fixing a date for hearing the same.

Second.—No application shall be entertained under this section if the applicant has instituted a suit in the Civil Court to set aside the sale unless he first withdraws such suit.

The Bengal Patni Taluks Regulation (Amendment) Bill, 1933.

(*Clause 4.*)

Third.—No application shall be allowed under this section without the consent of the *zamindar*—

[(*a*)] if the defaulting *talukdar* or tenure-holder is liable or has agreed to pay on behalf of the *zamindar* any revenue or cess due to Government from the *zamindar* and such revenue or cess has not been paid to Government or deposited in Court before the date fixed for the hearing of the application; [*and*]

[(*b*) *unless the applicant, in addition to other sums which he is required to deposit under this section, deposits for payment to the zamindar all arrears of rent and cess due for any period antecedent to the current year together with interest payable thereon.*]

Fourth.—If no objection is made by the *zamindar* or the auction purchaser on the date fixed for the hearing of the application or on any subsequent date to which the hearing may be adjourned and the deposit required by the first clause of this section has been made within thirty days from the date of the sale, the Collector shall allow the application and make an order setting aside the sale, and shall pass orders for the disposal of the money deposited by the applicant and the refund of the purchase money.

Fifth.—If any objection is made by the *zamindar* or auction purchaser the Collector shall refer the application together with the objection to the nearest Civil Court having jurisdiction and such Civil Court shall decide whether the applicant is entitled under this section to have the sale set aside, and shall either dismiss the application or make an order setting aside the sale, and shall pass such further orders regarding the disposal of the money deposited by the applicant, the refund of the purchase money, the payment of costs or any other matter arising out of the application as it thinks fit.

The Civil Court may, at its discretion, make suitable arrangements for protection of the *taluk* or tenure but the *patnidar* or tenure-holder shall be allowed to remain in possession if he pays to the Court in advance six months' rent payable by him for such *patni* or tenure or gives security for one year's rent to the satisfaction of the Court. If such payment is not made or security is not given the Court may appoint a receiver for the *patni* or tenure.

Sixth.—If an application is referred to the Civil Court on objection made by the auction purchaser, the *zamindar* may withdraw from the sale proceeds in deposit an amount equal to the amount on account of which the sale has been made and in the event of the sale being set aside by the Civil Court a sum equal to the amount so withdrawn by the *zamindar* shall be paid out of the deposit made by the applicant under sub-clause (*b*) of the first clause of this section to the purchaser instead of to the *zamindar*.

Seventh.—The Civil Court may direct that any sum in deposit with the Collector under the *first* or *third* clause of this section shall be invested pending decision of the application by the Civil Court and thereupon the Collector shall remit the said sum to the Civil Court for investment.

Eighth.—Nothing in this section shall prevent the *zamindar* from drawing his dues in full as soon as the purchase money is deposited with the Collector under section 9".

Amendment of section 15.

4. In the first clause of section 15 of the said Regulation for the words "so soon as the entire amount of the purchase money shall have been paid by the purchaser at any sale made under this Regulation," the following shall be substituted, namely :—

"On the expiry of thirty days from the date of any sale made under this Regulation, or if there has been a resale within thirty days of the original sale if the entire amount of the purchase money has been paid by the purchaser, and if no application under section 14A to set aside the sale is pending."

Part VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 1st February, 1933:—

L. A. BILL No. 1 OF 1933.

A Bill further to amend the Indian Marine Act, 1887, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Marine Act, 1887, for the purpose hereinafter appearing; It is hereby enacted as follows:— XIV of 1887.

Short title.

1. This Act may be called the Indian Marine (Amendment) Act, 1933.

Amendment of section 2, Act XIV of 1887.

2. In sub-section (*1*) of section 2 of the Indian Marine Act, 1887,— XIV of 1887.

(*a*) in clause (*a*) after the word "means", the brackets and figure "(i)" shall be inserted, and, after the words "provided by this Act;", the following word and sub-clause shall be added, namely:—

"and

(ii) a member of the Royal Indian Marine Volunteer Reserve during and in respect of the time when he is serving in the Indian Marine Service, whether for training or exercise or having been called up for any duty or service for which as a member of such Reserve he is liable;"; and

(*b*) to clause (*b*) the following words shall be added, namely:—

"and includes a person holding any such position in the Royal Indian Marine Volunteer Reserve during and in respect of the time when he is serving in the Indian Marine Service;".

STATEMENT OF OBJECTS AND REASONS.

In order to provide an opportunity for Marine service on a voluntary basis for those persons in India who are interested in nautical pursuits, and, at the same time, to constitute of potential reserve of officers for use in emergencies, when the officer strength of the Royal Indian Marine will require expansion, it is proposed to raise and organise a small Royal Indian Marine Volunteer Reserve, on much the same lines as the Army in India Reserve of Officers on the military side. The reserve will be open to Europeans, Indians and members of the domiciled community; and membership of it will entail a brief period of annual training in one of His Majesty's Indian ships, besides a certain amount of instruction on shore.

It is necessary that the members of this reserve force should be subject, when under training or when called to service, to the same disciplinary code as the members of the Royal Indian Marine. This entails a small amendment of the Indian Marine Act, 1887, on the lines of the provision already contained in the Army Act to provide for the discipline of the Army reserves in similar circumstances.

The Bill contains the amendments to the Indian Marine Act which are necessary to secure this object.

Resolution on the Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1931-32.

RESOLUTION—No. 1930L.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1931-32.

Mr. F. A. Sachse, C.I.E., I.C.S., held the office of the Member, Board of Revenue, Bengal, during the whole year and made extensive tours throughout the province.

2. During the year under report the weather conditions were, on the whole, favourable and the outturn of crops satisfactory, but in July there was an unprecedented flood on the Brahmaputra and Jamuna which rose to record height. The areas chiefly affected were portions of Rangpur, Bogra, Pabna, Mymensingh, Faridpur, Dacca, and Rajshahi districts. Extensive damage was done to standing crops, cattle, houses and property of the people in the affected areas. There were also minor floods in some parts of Malda, of the Sadar and Kandi subdivisions in Murshidabad, and of the Feni subdivision in Noakhali and in Jalpaiguri near Barnes Junction. Crops were also injured, either by drought, untimely rainfall or insect-pests in some places in Dinajpur, Murshidabad, Noakhali, Tippera and Rajshahi. Prompt and adequate measures were taken by Government, district boards and private organisations and individuals to relieve distress in the flooded areas. During the year Government distributed Rs. 12,95,885 in agricultural and land improvement loans and advanced Rs. 1,85,300 to the district boards for expenditure on test relief works and also expended Rs. 74,376 as gratuitous relief mainly in the areas affected by floods. The Bengal Chamber of Commerce and the *Statesman* Relief Fund contributed Rs. 25,710 for relief in the districts affected by floods. The prices of agricultural produce were even lower than in the preceding year owing to general trade depression. This resulted in a general want of money, which was felt especially in the jute-growing districts, where the jute crop constituted in the past the main economic support of the peasantry. There was a fall in wages of both skilled and unskilled labour.

3. Public health was on the whole good; malaria, kala-azar, cholera and small-pox were present but did not generally assume serious proportions. Various schemes for the supply of good drinking water made satisfactory progress, and a large number of tube and masonry wells were sunk in many districts with the help of Government and district board grants, supplemented by local contributions. The anti-malarial societies, health associations and charitable dispensaries did very useful work in many districts.

4. General economic conditions were far from satisfactory. The depression in the coal industry in Burdwan showed no signs of improvement. The jute mills in the districts of Hooghly, Howrah and the 24-Parganas fared badly, and they had to discharge more hands and reduce working hours. The cotton mills, however, were comparatively successful. In some districts, rice mills did well. The adverse effect on the hand-loom industry of Santipur and other places of the boycott of foreign yarn continued. The depression in the tea industry in Darjeeling, Jalpaiguri and Chittagong continued. The experiment of cultivation by motor tractor and steel ploughs introduced last year in Nadia was continued with good results. The number of co-operative societies continued to increase in many districts.

5. The current demand of land revenue was Rs. 3,03,36,424, showing an increase of Rs. 1,60,388 over that of the previous year, and collections were 75·91 per cent. of the total and 90·86 per cent. of the current demand. Although the number of defaults increased considerably the sale law was administered with even greater moderation than in ordinary times owing to the bad economic conditions, which in many places were aggravated by the floods, and estates

were freely exempted from sale on payment of arrears with a nominal penalty. Thus there were only 1,177 sales including 136 cases of purchase by Government as against 19,920 defaults. It appears that the number of defaults is on the increase, but the actual sales are not abnormal. The position has been receiving the careful attention of the Board and Government.

6. There was a decrease in the cost of management of Government estates, the percentage of cost on the current demand being 8·90 against 9·55 in the previous year. A sum of Rs. 1,47,324 representing 2·37 per cent. of the current demand was spent on agricultural and miscellaneous improvements, while a sum of Rs. 87,197 or 1½ per cent. on collections from Government estates was made over to the district boards of the province for expenditure on roads and communications in or leading to Government estates.

7. Agricultural demonstrations were carried out in several districts with success. There were agricultural exhibitions and lectures on improved methods of agriculture at various centres. The third batch of five *bhadralok* youths on the completion of their training at the Faridpur Agricultural Farm were allotted lands and money, and a fresh batch is under training. In Noakhali, 1,360 acres of char lands were settled with co-operative societies of educated *bhadralok* youths.

The number of schools in Government estates increased from 4,454 to 4,642, but the pupils attending them decreased from 161,107 to 156,023.

8. Of the 178 square miles comprised in twenty-two villages in the Bakarganj Colonisation scheme which was in its 25th year, an area of 7·249 acres only remained to be colonised at the end of the year. The colonisation of the 24-Parganas Sundarbans which was in its 17th year made fair progress. The total sum advanced by Government for reclamation in the 24-Parganas and Bakarganj Sundarbans and the total income derived from these areas up to the end of the year under report were Rs. 26,29,223 and Rs. 33,13,829, respectively. Thus after paying its way the property has yielded a net profit of Rs. 6,84,606. In the year under report the actual gross collections amounted to Rs. 2,35,873 including Rs. 11,333 miscellaneous revenue, and when the property is fully developed it is estimated that it will produce an annual net income of Rs. 2,88,000 rising progressively to Rs. 3,08,000.

9. The general health of the people in the Bakarganj Sundarbans area was satisfactory, but their material condition showed no improvement. In the 24-Parganas Sundarbans the health of the colonists was generally good except in the third portion of the estate Saugor Island, where cholera broke out in an epidemic form causing several deaths.

10. Owing to poor collections many of the zamindars found themselves in danger of having their estates sold up for failure to pay their revenue. It is to the credit of both sides that both the landlords and tenants recognised each other's difficulties as being beyond their own control and that comparatively few cases of friction came to the surface.

11. Thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the branches of work under the Board.

By order of the Governor in Council,

H. C. V. PHILPOT,

Secy. to the Government of Bengal.

Resolution on the Seventieth Annual Report of the Government Cinchona Plantations and Factory in Bengal for the year 1931-32.

RESOLUTION—No. 2096 CIN.

Read—

The Seventieth Annual Report of the Government Cinchona Plantations and Factory in Bengal for the year 1931-32.

The reports of the previous three years—

Mr. C. C. Calder held charge of the office of Superintendent until he went on leave on the 29th May 1931 and again from his return on the 29th November till the end of the year under review. Mr. G. E. Shaw, Quinologist to this Government acted as Superintendent during Mr. Calder's absence on leave.

2. In the report Mr. Calder has given an interesting account of the progress achieved during the last decade. The position as regards stocks is as follows:—

Although all the febrifuge which can be produced is being sold and although Government are supplying quinine sulphate powder to hospitals and other institutions at a rate much below the market price, the stocks of quinine sulphate powder continue to increase and large quantities of bark are becoming ripe for harvest every year. During recent times harvests have much exceeded the capacity of the factory and some years must elapse before equality in bark production and extraction is reached. Provincial stocks of dry bark awaiting process were 1,351,194 lbs. at the end of 1931-32 while the provincial reserve of quinine had reached the total of 108,815 lbs. Besides this, there are stocks of over 200,000 lbs. of quinine belonging to the Government of India, awaiting distribution in the Northern India area lying outside Bengal, Bihar and Orissa, and Assam. The problem of disposal of quinine stocks is therefore pressing, and it is desirable to realise a considerable part of the capital which is locked up in them. The problem of disposal of these stocks is by no means free from complications and difficulties and as the Government of India, have also a large accumulation of stock, it is obviously desirable that whatever steps be taken for the disposal or reduction of stock, should be taken in consultation with the Government of India. Another important factor is that Government have been following a policy of supplying the requirements of local bodies and hospitals at favourable rates. In a province where malaria is prevalent, such a policy is beneficial to the public and if local bodies, employers of labour on a large scale and organisations interested in the promotion of public health, co-operate with Government in increasing the consumption of quinine available for supply at favourable rates, with such safeguards as may be necessary to prevent profiteering, the stock will be more rapidly reduced with beneficial results to public health and the finances of the province.

It is hoped that progress will be made in achieving both results in the near future.

3. The total area under cinchona at the end of the year was 2,789 acres calculated as carrying a full complement of cinchona trees. Extensions comprising 194·5 acres were carried out during the year under review.

4. A harvest of 1,179,472 lbs. bark was collected during the year in both the Mungpoo and Munsong plantations, viz., 325,982 lbs. in Mungpoo mainly from thinnings, the uprooting of dead and dying trees and the coppicing of two old Ledger blocks and 853,490 lbs. in Munsong. In Mungpoo, cultivation was necessarily restricted during the year owing to the reduced budget provision as also on account of the large amount of nursery work but every effort was made to keep the young blocks as clean as possible and hoeing was freely carried out during the dry weather. In Munsong the storing of the bark stock presented a difficult problem as temporary erections had to be utilised which could not be considered safe from the risk of fire and damage to the bark by damp and leakage.

In addition to the heavy programme under cinchona an area of about 150 acres of old cinchona land was re-afforested with Birch, Alder and Japanese pines and a certain amount of Sal seed collected and sown direct on the drier ridges of Silake where it occurs naturally.

5. The quantity of Bengal bark harvested in the year of report was 1,179,472 lbs. as stated above against 1,476, 054 lbs. in the previous year.

6. Altogether 1,101,355·5 lbs. of dried bark were used in the factory during the year. Of this 1,072,255·5 lbs. represents Bengal bark and the rest belonging to the Government of India.

7. Bengal bark produced during the year 43,534 lbs. crude quinine sulphate and 13,079·3 lbs. cinchona febrifuge. From the purified stock of quinine sulphate in hand 13,920 lbs. were converted into 3,544·25 lbs. and 96,972 boxes of quinine sulphate tablets. Of the cinchona febrifuge powder 3,723 lbs. were converted into tablets. Other salts amounting to 765·88 lbs. were also produced.

From the Java bark 1,536 lbs. of quinine sulphate and 459 lbs. of cinchona febrifuge were extracted during the year. The cost of extraction of quinine sulphate was Rs. 2·721 per lbs. and that of cinchona febrifuge was Rs. 1·820 per lb. The total cost of the crude quinine sulphate including the cost in bark, viz., Rs. 4·5 per lb. was Rs. 7·221 per lb.

8. The gross receipts were Rs. 6,89,906-1-0 and after deducting Rs. 2,267-2-0 due to the Government of India, for excess extraction charge and sales of that Government's products, Rs. 34,925 due to the Jail Department for distribution charges and also Rs. 57,752-15 outstanding on 31st March 1932, on account of sales including the cost of manufacture of the Government of India products, the net receipts amounted to Rs. 5,94,961. The expenditure was higher by Rs. 31,042-15-9 and receipts were lower by Rs. 752 than in the previous year. The increase in expenditure is mainly due to charges on account of land settlement and leave of officers and the reduced receipts are due to the larger amount of outstanding which, however, are all good debts. The profit balance on the year's working as per profit and loss valuation statement amounted to Rs. 2,10,563-15-3, a result which although it compares unfavourably with the results of the preceding three years, is not unsatisfactory considering the depreciation in Munsong due to disease still largely beyond control and the increased expenditure mentioned above. It is satisfactory that receipts from sales showed an increase during the year.

9. The figures contained in the report indicate that satisfactory progress has been made by the Bengal Cinchona Department during the year under review. The Governor in Council is pleased to record his appreciation of the work Mr. Calder has done for the department during the year. Recognition of good work accomplished is also due to Mr. Shaw, the Quinologist, who retired on 4th March 1932, after long and meritorious service.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette* and that a copy with a copy of the report be submitted to the Government of India.

Any objection forwarded in pursuance of this invitation shall be transmitted to the Governor-General in Council with the observations of the Local Government and shall be taken into consideration by the Governor-General in Council before he decides whether to make the proposed declaration.

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

(1) a pair of alternate angles are equal, or

(2) a pair of corresponding angles are equal, or

(3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the straight lines are parallel; and the converse.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 806L.C.—23rd February, 1933.—The following report of the Select Committee on the Bengal Suppression of Immoral Traffic Bill, 1932, by Babu J. N. Basu, M.L.C., with the Bill as amended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Suppression of Immoral Traffic Bill, 1932.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Suppression of Immoral Traffic Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 5th August, 1932, have the honour to submit this our report with the Bill as re-drafted by us annexed. We have, for the more convenient disposal of the Bill by the Council, reproduced in each case in italics, and enclosed within square brackets, the text of the clauses of the Bill as originally introduced in Council and immediately below have shown the clauses as amended by us which take their place.

2. The Bill was published in English in the *Calcutta Gazette* on the 17th March, 1932.

3. The Committee met for the first time on the 3rd December, 1932, and concluded its sittings on the 16th February, 1933.

4. We do not consider that the Bill has been so altered as to require republication.

5. The more important changes made in the Bill are detailed below :—

Preamble.—We have redrafted the Preamble to bring it into line with the usual form and have also made it clear that the main purpose of the Bill is to make better provision for the suppression of traffic in women and girls for immoral purposes.

Clause 1.—We have redrafted this clause in order to follow the correct form and to make it clear that it extends to the whole of Bengal. We have also altered the date of the year of the Bill.

Clause 2.—We have made a small drafting change in our re-draft.

Clause 3 (1).—We consider that a house, part of a house, room or place in which a single prostitute carries on prostitution or in which two or more prostitutes carry on prostitution on their own account should not be deemed to be a brothel. But if two or more prostitutes practice prostitution in the premises for the profit of some other person, the premises should, in our opinion, be deemed to be a brothel. We also consider that places where young girls are kept for training as prostitutes should be dealt with as brothels.

Clause 3 (4).—The definition of prostitution has been modified. We have excluded male prostitutes and boys from the operation of the Bill, and have omitted references to these throughout the Bill.

Clause 3 (5).—The alteration in the definition of "prostitutes" is consequential.

Clauses 3 (6) and (7).—We have omitted the definitions of "client" and "business of a prostitute" as being unnecessary.

Clause 3 (8).—The definition of "public place" has been expanded so as to include places of public amusement and entertainment, and the explanation of these terms has been adopted from Bombay Act II of 1923, section 2, with the addition of a few new items. We have specifically included *hats, bazars, melas* and public gardens in the definition.

Clause 3 (9).—The word "district" has been omitted from this definition as the proper designation is "Superintendent of Police."

Clause 4.—We have restricted the scope of clause 4 (*1*) (*c*).

We have enhanced the punishment under clauses 4 (*1*) and 4 (*2*) and have made slight drafting alterations in clauses 4 (*4*) and 4 (*5*).

We have added a new clause 4 (*6*) on the lines of clause 5 (*2*) of the original Bill.

We have also added new clauses 4 (*7*) and 4 (*8*) on the lines of section 5 of the Eastern Bengal and Assam Disorderly Houses Act, 1907 (E. B. and A. Act II of 1907) as a safeguard against vexatious and malicious complaints by private persons.

Clause 4 of our draft should be compared with clause 7. Where a brothel exists it will be possible, under the Bill, to take action against it either under clause 4 or under clause 7. If the Police fail to take action against it under clause 7 it will still be open to the local body concerned or to the other persons mentioned to lodge a complaint in Court under clause 4. If, however, a prosecution under clause 4 fails it will not be open to the Police to proceed against the same place under clause 7 until the expiry of six months. The expenses of a prosecution under clause 4 will be paid by the party lodging the complaint.

Clause 5.—We have omitted clause 5 as unnecessary.

Clause 6.—We have included provisions for the surrender of the lease.

We have also provided in clause 6 (*2*) for a power to the Court to put the landlord or lessor in actual possession of premises, the lease of which has been determined under the clause.

Certain consequential amendments have been made in clause 6 (*4*).

We have added clause 6 (*5*) to provide that no action taken by a landlord or lessor under clause 6 should be called in question in a Civil Court.

Clause 7.—We have substituted for original clause 7 the provisions of section 3 of the Calcutta Suppression of Immoral Traffic Act, 1923 (Ben. Act XIII of 1923) with the modifications necessary to make the clause applicable in the *mufassal* as well as in Calcutta. We think that the Police should have the power to order the discontinuance of a brothel or a disorderly house in the cases referred to in (*a*), (*b*), (*c*) and (*d*) of sub-clause (*1*). See also the remarks against clause 4. Sub-clause (*9*) is new.

Clause 8.—We have substituted for original clause 8 the provisions of section 4 of Burma Act II of 1921 which are more specific and include the kind of soliciting referred to in (*a*) of sub-clause (*1*). We have retained the penalty provided in the Bill as introduced.

Clause 9.—The reference to male prostitutes and boys has been deleted in this clause.

We have also safeguarded a mother, son or daughter of a prostitute from the penalties of this clause provided that none of them is found aiding, abetting or compelling her prostitution.

Clauses 10 and 11.—We have made certain drafting changes in these clauses.

Clause 12.—We have omitted this clause as likely to lead to undesirable results, and we do not think it necessary.

Clause 13.—We have added the punishment of whipping.

Clause 14.—This clause has been re-drafted.

Clause 15.—This clause as re-drafted reproduces sub-clause (*1*) of the original clause, with certain modifications.

We do not think that any girl above the age of sixteen should be dealt with by a Juvenile Court.

In sub-clause (*2*) we have made provision for cases where there is no Juvenile Court or where the girl is over sixteen to be dealt with by a Magistrate of the first class. We have added provisions for supervision on the lines of section 28 (*3*) of the Bengal Children Act, 1922.

Original sub-clause (*3*) has been omitted as it is, in part, unnecessary and in part is covered by new clause 15A.

Original sub-clause (*4*) is reproduced with consequential modifications as clause 15B.

Clauses 17, 17A and 17B.—The intention of original clause 17 (*1*) was to apply certain provisions of the Bengal Children Act, 1922. The provisions of that Act which seem to be suitable have been embodied as new clauses 17, 17A and 17B.

Clause 17C.—In this clause we have provided specifically for appeals in substitution for sub-clause (*2*) of the original clause 17.

Clause 18.—We have omitted this clause as being unnecessary.

Clause 19.—We think the powers under this clause if it is to be any use should be given to any police officer. We have also made certain drafting alterations to make the intention of the clause more clear.

The reference to molestation has been omitted as being too wide.

Clause 20.—A consequential omission has been made in this clause owing to the omission of clause 5.

Clause 21.—This clause has been omitted as being unnecessary.

Clause 22.—We have sub-divided this clause into two clauses.

Clause 23.—We have corrected a reference to the Police Act, 1861, and have also made a slight drafting change.

Clause 24.—Consequential changes have been made in clause 24 (*2*) resulting from omissions or additions made in the rest of the Bill.

Clauses 24 (*3*), (*4*) *and* (*6*) have been omitted as unnecessary.

Clause 24 (*5*) has been omitted as part of it is unnecessary and words which carry out the intention have been inserted in the first two lines of our re-draft of clause 24 (*1*).

Schedule.—The Schedule has been re-drafted and the Eastern Bengal and Assam Disorderly Houses Act, 1907, has been added to the list of Acts repealed.

Minute of dissent by Mr. J. N. Basu, M.L.C.

Clause 9 provides that any person who lives on the earnings of the prostitution of another person commits a punishable offence. The Select Committee has excluded the mother and the daughter of a prostitute from the purview of this clause. Such exclusion, so far as the mother is concerned, will lead to legal sanction being accorded to the perpetration of the kind of offence this Bill is intended to put down. It will enable a mother to train her daughter to prostitution and to make the daughter carry on prostitution for the profit of the mother. The word " mother " should be deleted from clause 9.

Clause 12.—The Select Committee has deleted clause 12 from the Bill. Amongst the devices used by those that carry on immoral traffic is that of obtaining of some hold or control over the girls or women who are their victims, so that such victims may somehow be detained for the purposes of prostitution. Amongst the devices used are the following :—

(*a*) withholding the wearing apparel, personal ornaments, money or other property belonging to the victim, or

(*b*) lending wearing apparel, personal ornaments, money or other property to the victim, and if she leaves the place where she was detained with or without the property so lent, threatening the victim with legal proceedings for removing those things.

To prevent the offender from obtaining a hold on the girl or woman who may seek to escape from his or her clutches, clause 12 provided that the withholding mentioned above would amount to detention of the girl or woman, and that no proceedings, civil or criminal, should lie in respect of the wearing apparel, etc., removed as mentioned above, so that the trafficker might not attain his or her object by the weapon of threats of criminal or civil action against their weak victims, who are mostly young and inexperienced.

Clause 12 should therefore be restored.

Minute of dissent by Maulvi Tamizuddin Khan, M.L.C.

I do not agree with the definition of the term " brothel " as embodied in the Bill. The Act will be a dead letter at least in so far as it aims at the suppression of brothels if this definition is adhered to. The second part of the definition extending the meaning of the term " brothel ", so as to include a house or place in which a girl under 18 is kept with an immoral intent seems to be rather obscure.

Sub-clauses (*b*) and (*c*) of clause 7 also seem to be too vague as it is not clear whether any house, room or place used for the purpose of carrying on prostitution irrespective of whether it is or is not in the vicinity of any educational institution, boarding house, etc., is intended to come within the purview of these sub-clauses. This should be made clear.

I sign the report subject to these observations.

Minute of dissent by Mr. N. K. Basu, M.L.C.

I sign the report subject to my minute of dissent regarding the practicability and what I may call the " workability " of the Bill.

The object of the author of the Bill will not, I am afraid, be achieved by this " collection in one place of the penal provisions of several existing Acts ".

In my opinion the provisions of clauses 10 and 11 of the Bill (taken as they are from the Act of 1923) go a long way to frustrate the intention to " get at the organizations of procuration " which I am told is the main reason for this Bill.

I reserve further remarks for the Council.

NOTIFICATION.

No. 844L.C.—25th February, 1933.—With reference to the footnote at the end of the Report of the Select Committee on the Bengal Patni Taluks Regulation (Amendment) Bill, 1932, published with notification No. 710L.C., dated the 20th February, 1933, in Part IV of the *Calcutta Gazette* of the 23rd February, 1933, it is hereby notified for general information that Raja Bhupendra Narayan Sinha Bahadur, of Nashipur, has subsequently signed the said Report subject to the following minute of dissent:—

Minute of dissent by Raja Bhupendra Narayan Sinha Bahadur, of Nashipur, to the Bengal Patni Taluks Regulation (Amendment) Bill, 1932.

I sign the report of the Select Committee on the Bengal Patni Taluk Regulation (Amendment) Bill, subject to the following note of dissent :—

While by introducing this Bill better provisions for patnidars and others having an interest in the tenure in case of sale of patni for arrears of rent have been made, it has totally neglected to make adequate provisions for the protection of the interests of the zamindars especially, in removing some of the difficulties in issuing notices and having them delivered in an effective form in the mufassal. Moreover, it is a matter of regret that the Select Committee has deleted sub-clause *Third* (*b*) of proposed section 14A, namely, the payment of the rent and cess due to the zamindars for any period antecedent to the arrear for which the sale takes place.

It should be borne in mind that the main object of the Patni Regulation is to secure punctual payment of rent to the zamindar in return for the concession made to the patnidars. But by introducing this Bill the main object has been frustrated. Nothing has been said in return for the concession provided in the Bill. Government have unbiasly provided this clause, *i.e.*, sub-clause *Third* (*b*) of proposed section 14A to realise the arrears of rent. The sum is a due to the zamindar to be payable by the patnidar and it is on account of the negligence of the latter that the sum (arrears of rent, etc.) has not been paid. There cannot be any hardship if the arrears which is legally due to the zamindar be realised from the patnidar at the time of setting aside the sale. On the other hand, it will be a hardship if the sum be allowed to remain unpaid ; so that the zamindars have to recourse to the Civil Court. The only question that can be considered is about extension of time for the payment of this arrear. I am strongly of opinion that this clause should be retained.

On the whole I welcome the Bill and I am glad to say that the zamindars are always ready to give facilities to other patnidars and other persons having had an interest in a taluk. It would be a legitimate concession in the end.

NOTIFICATION.

No. 847L.C.—25th February, 1933.—It is hereby notified for general information that at the meeting of the Bengal Legislative Council held on the 23rd February, 1933, a motion was carried that the Puri Lodging House (Amendment) Bill, 1932, by Rai Kamini Kumar Das Bahadur, M.L.C., be circulated for the purpose of eliciting opinion thereon before the 15th May, 1933. Expressions of opinion by public bodies or by individuals interested in the said Bill, which is republished together with its Statement of Objects and Reasons in this Gazette, should be sent so as to reach the undersigned before that date.

THE PURI LODGING HOUSE (AMENDMENT) BILL, 1932.

A

BILL

further to amend the Puri Lodging House Act, 1871.

Preamble. WHEREAS it is expedient further to amend the Puri Lodging House Act, 1871, in the manner hereinafter appearing;

AND WHEREAS the previous sanction of the Governor General under sub-section (*3*) of section 80A of the Government of India Act has been obtained to the passing of this Act ; 5 & 6 Geo. V, c. 61 ; 6 & 7 Geo. V, c. 37 ; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows :—

Short title. **1.** (*1*) This Act shall be called the Puri Lodging House (Amendment) Act, 1932.

Commencement. **2.** It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

Amendment of section 1. **3.** In section 1 of the Puri Lodging House Act, 1871, for the definition of the word "lodger" substitute "lodger shall mean an inmate who resides in any house, and shall include a person who pays or delivers to his *panda* or the owner of the house or to any other person on behalf of his *panda* or owner, money in a lump sum, or property or both, in consideration for the provisions of accommodation and bodily comforts by such *panda*, owner or other person in any place other than the place of residence of such *panda*."

STATEMENT OF OBJECTS AND REASONS.

In the district of Chittagong, Sitakund is a famous place of Hindu pilgrimage. Pilgrims from all parts of India visit the shrines of Shambhunath and Chandranath specially during the Shiva Chaturdashi festival when a great fair is held for about 15 days visited by several thousands of pilgrims. From very ancient time there were eight families of *pandas* who used to accommodate and look after the welfare of these pilgrims and help them in their pilgrimage The Puri Lodging House Act having been extended to this place, those *pandas* have to pay house-tax according to the law and rules framed thereunder. But of late some adventurous people have erected houses where they invite the pilgrims but do not get those houses licensed on the pretext that they do not charge the inmates for accommodation. These people have either put some idols or show that they are *shadhus* (pious men) with philanthropic motives but when the pilgrims are about to leave their houses they say that they are to pay either for worship of idols or help *shadhus* and pilgrims when they would come and in this way manage to get from these pilgrims more than what the *pandas* would get. It is to see that these persons do not avoid payment of license fee this Bill is introduced.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Mela Sanitation Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 22nd November, 1932, beg to submit this our preliminary report on the Bill.

No. 849L.C.—25th February, 1933.—The following preliminary report of the Select Committee on the Bengal Waqfs Bill, 1932, by Maulvi Abdul Ghani Chowdhury, M.L.C., is hereby published for general information:—

Preliminary Report of the Select Committee on the Bengal Waqfs Bill, 1932, by Maulvi Abdul Ghani Chowdhury, M.L.C.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Waqfs Bill, 1932, was referred by a motion carried in the Bengal Legislative Council on the 5th August, 1932, beg to submit this our preliminary report on the Bill.

The Committee regret that they have not yet been able to deal finally with the Bill.

The Committee met for the first time on the 30th August, 1932, and in pursuance of the instructions of the Council decided that the Bill be circulated for the purpose of eliciting opinion thereon to certain Associations and individuals by the 20th October, 1932. In the meantime Government appointed a Committee with Sir Zahid Suhrawardy as its President to advise them. The Select Committee met again on the 17th November, 1932. At that meeting they considered the opinions so far received and postponed its meeting pending the receipt of the Report of the Sir Zahid Suhrawardy Committee. The Report of the Sir Zahid Suhrawardy Committee was received by Government on the 21st February, 1933. The Hon'ble Minister reported this fact to the Select Committee, which had been called again for that afternoon. The Committee feel that it would be premature for them to continue their consideration of the Bill until they have had time to study the Report, but they hope to complete their examination and submit their final report as early as possible.

3. assessed and leviable under the Bengal Municipal Act, 1884, and continued under the provisions of the Bengal Municipal Act, 1932, for the year ending on the thirty-first day of March, 1933, in respect of any holding situated within the area to which the provisions of Chapter X of the Calcutta Municipal Act, 1923, shall apply, shall be deemed to be the amount of the consolidated rate leviable under the provisions of the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah, in respect of lands and buildings included in such holding for all purposes of the said provisions until a fresh valuation of the lands and buildings in the ward in which the premises are situated is made under the provisions of the said Calcutta Municipal Act, 1923:

Provided that if any new building as defined in the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah is erected on any premises, or if any substantial alteration and improvement is made in any building during the period mentioned in this section, a new valuation or a re-valuation of such building shall be made and the consolidated rate on the premises shall be levied at such rate as may have been fixed for the purpose of the levy of the consolidated rate. 5. All sums due to the Commissioners of the municipality of Howrah as arrears of rate on holdings, of lighting rate, of water rate and of latrine fees under the Bengal Municipal Act, 1884, as continued under the provisions of the Bengal Municipal Act, 1932, which are not realized on or before the thirty-first day of March, 1933, shall be treated as arrears of consolidated rate and shall be realized under the provisions of the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah. (Clause 6.)

municipality of Howrah, in respect of any of the lands, or of the lands and buildings, in that municipality, the Local Government may, on the recommendation of the Commissioners of the said municipality, make such order as it thinks fit in order to enable the said Commissioners to assess and levy for that year or during such period, in respect of such land or such land and building a consolidated rate under the provisions of the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah or under the provisions of this Act.

If any difficulty arises during the year 1933-34 in assessing or levying any taxes or fees, or in realizing any arrears of any taxes or fees the Local Government may, on the recommendation of the Commissioners of the municipality of Howrah, make such order as it thinks fit to enable the taxes, fees, or arrears thereof to be assessed, levied or realized.

Any such order may modify the provisions of this Act or of the Calcutta Municipal Act, 1923, as extended to the municipality of Howrah, so far as to the Local Government shall appear to be necessary for giving effect to this section.

STATEMENT OF OBJECTS AND REASONS.

The municipal law in force in Howrah consists partly of the Bengal Municipal Act and partly of the Calcutta Municipal Act as extended to Howrah under the provision of Bengal Act III of 1899. At the instance of the Commissioners of the Howrah Municipality, Government have, by notification, extended almost all the provisions of the Calcutta Municipal Act, 1923, to this municipality and these provisions will come into force with effect from the 1st of April, 1933. From that date the corresponding portions of the Bengal Municipal Act and the Calcutta Municipal Act, 1899, as the case may be, will stand repealed so far as they apply to Howrah, and by-laws, rules, etc., made under the provisions of the Calcutta Municipal Act, 1923, so extended will, unless otherwise directed by Government, apply to the municipality in supersession of corresponding by-laws, rules, etc., made under the Bengal Municipal Act. Very few by-laws and rules have been made under the Calcutta Municipal Act, 1923, and there is no clear provision for the continuance of all by-laws, rules, etc., now in force in Howrah, after 1st April, 1933, until new by-laws, rules, etc., have been framed by the municipality under the provisions of the Calcutta Municipal Act, 1923, as extended to Howrah.

Legislation is, therefore, necessary providing for the continuance of the by-laws, rules, etc., in force in the Howrah Municipality at the time the provisions of the Calcutta Municipal Act, 1923, come into force there, until new by-laws, rules, etc., are made under the provisions of the Act as extended.

2. Notwithstanding sections 2 (*3*) and 125 of the Calcutta Municipal Act, 1923, as extended to the municipality, specific provision is necessary for enabling the Municipal Commissioners to frame and pass the budget estimates and to fix the rates at which the consolidated rate and other taxes are to be levied for 1933-34 after the commencement of the year.

3. Under section 131 of the Calcutta Municipal Act as extended to the Howrah Municipality the valuation made under the Bengal Municipal Act will remain in force until fresh valuation is made under Chapter X of the Calcutta Municipal Act, 1923, as extended to the municipality. But there is no provision for the continuance, after the extended provisions of the Calcutta Municipal Act, 1923, come into force, of the various taxes (*viz.*, holding rate, water rate, lighting rate and latrine fees) at present levied under the Bengal Municipal Act. It is, therefore, necessary to provide for the levy of a consolidated rate equal to the sum of the existing taxes until a fresh assessment has been made, and the consolidated rate imposed under the Calcutta Municipal Act, 1923, as extended to the municipality.

4. The arrear taxes due under the Bengal Municipal Act cannot be held to be arrears under the provisions of the Calcutta Municipal Act, 1923, as extended to the Howrah Municipality. So the extended provisions of the Calcutta Municipal Act for the recovery of the consolidated rate will not apply for the purpose of enabling the Commissioners to realize the said arrear taxes. Specific provision is, therefore, required for treating all such dues as the consolidated rate to be realized under the extended provisions of the Calcutta Municipal Act.

BILL

further to amend the Calcutta Port Act, 1890.

WHEREAS it is expedient further to amend the Calcutta Port Act, 1890, in the manner hereinafter appearing ; Ben. Act III of 1890.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act ; 5. & 6 Geo. V. c. 61; 6 & 7 Geo. V. c. 37; 9 & 10 Geo. V. c. 101.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta Port (Amendment) Act, 1933.

Insertion of new section 68A in Bengal Act III of 1890.

2. After section 68 of the Calcutta Port Act, 1890, the following section shall be inserted, namely :— Ben. Act III of 1890.

Effect when Calcutta Municipal Act, 1923, is extended outside Calcutta.

"68A. (*1*) The provisions of this Part, except sections 67 and 68, shall, notwithstanding anything contained in any other law, be applicable for the assessment of the properties of the Commissioners within the municipality of Howrah or within any other municipality in the neighbourhood of Calcutta or within any part thereof to which section 127 of the Calcutta Municipal Act, 1923, has been or may be extended under section 540 of the said Act. Ben. Act III of 1923.

(*2*) In each municipality or part thereof referred to in sub-section (*1*)—

(*a*) for the word 'Calcutta' after the words 'the municipal limits of' and for the words and figures 'Calcutta as defined by the Calcutta Municipal Consolidation Act, 1888' in section 59 and for the word 'Calcutta' after the word 'within' in section 65 the name of such municipality shall be read ;

(*b*) for the words 'the Corporation of Calcutta' in sections 60, 61, 62, 65, 66, 66B, 66C, 66D, 66E, 66F, 66G, 66J, 66K, 66L, 66M and 66N and for the words 'the Corporation' in section 66K, the words 'the Commissioners of the local municipality' shall be read ;

(*c*) for the words 'the Chairman or Vice-Chairman of the Corporation of Calcutta' in section 63 and the words 'the Chairman or Vice-Chairman of the Corporation' in section 66H the words 'the authority appointed in this behalf by the Commissioners of the local municipality' shall be read ; and

(*d*) for the words 'the Court of Small Causes' in section 66I the words 'the Court of the Subordinate Judge' shall be read."

STATEMENT OF OBJECTS AND REASONS.

Sections 59 to 66N in Part IV, Chapter IV of the Calcutta Port Act, 1890, contain special provisions for the assessment of the property of the Commissioners of the Port of Calcutta. Sections 540 and 541 of the Calcutta Municipal Act, 1923, provide for the extension of all or any portions of the Act, with modifications and restrictions (if any), to the Municipality of Howrah or any other municipality in the neighbourhood of Calcutta. But the special assessment provisions of the Calcutta Port Act, 1890, cannot be so extended under that Act, nor can these be treated as modifications and restrictions of any portions of the Calcutta Municipal Act, 1923, within the meaning of section 540. Consequently, on the extension of the assessment and rating provisions of this Act to the Municipality of Howrah or any other municipality in which the Port Commissioners own property, the property will cease to retain the special limitations on its assessment secured for it in Calcutta under the Calcutta Port Act, 1890. It is, therefore, proposed in the Bill to amend the provisions of Part IV, Chapter IV of this Act so as to make them applicable to any other municipality to which the assessment provisions of the Calcutta Municipal Act, 1923, are extended.

Dacca, the 25th February 1933.

Second Forecast of the Wheat Crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1930-31, averaged (*a*) 39·8 and (*b*) 10·9 per cent., respectively.)

Character of the season.—As stated in the first forecast, the weather was generally favourable at sowing time, except in North Bengal, where sowing was delayed owing to untimely heavy rains in November. Subsequent dry weather in December and general rain towards the end of January proved beneficial to the germination and growth of the crop. The season, on the whole, promises to be a satisfactory one.

Acreage.—According to the estimates of the District Officers, the total area sown amounts to 142,800 acres this year as against 145,100 and 145,200 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn, as worked out from district estimates, is 89 per cent. as against 85 and 74 per cent., respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

Second Forecast of the Spring Oilseed Crops of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under linseed in Bengal has represented some 3·6 per cent. and that under rape and mustard 11·2 per cent. of the total areas under these crops in British India.)

Character of the season.—As reported in the first forecast weather conditions were not favourable during the period of sowing owing to untimely heavy rain. Subsequent dry weather has been helpful to the germination and growth of the crops.

Area sown.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 885,200 acres this year as against 940,700 acres both in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates, the average outturn of the different oilseed crops for the province works out at 78 per cent. of the normal as against 82 and 81 per cent. reported, respectively, in the corresponding and final forecasts of last year.

CALCUTTA, THE 4TH MARCH 1933.

RESOLUTION—No. 742EDN.

Minister-in-charge: The Hon'ble Mr. K. Nazim-ud-Din, C.I.E.

Read—

(1) Resolution No. 142Edn., dated the 21st January 1918, and subsequent orders regarding the constitution of the Calcutta Sanskrit Association.

(2) Resolution No. 2522Edn., dated the 27th August 1923, regarding the appointment of the Sanskrit College Committee.

(3) Report of the Sanskrit College Committee.

(4) Resolution No. 936Edn., dated the 8th March 1930, on the report of the Sanskrit College Committee and subsequent correspondence with the Director of Public Instruction, Bengal.

By resolution No. 142Edn., dated the 21st January 1918, the Government of Bengal constituted the Calcutta Sanskrit Association consisting of a Convocation of 500 and an Executive of 20 called the Council of the Association. The Council was the general agent and adviser of Government in all matters connected with indigenous Sanskrit learning. It consisted of 15 ordinary members and five additional members, besides the President and the Principal of the Sanskrit College, who was its *ex-officio* Secretary. Its chief functions were to appoint examiners for and otherwise conduct the First, Second and Title examinations, to award titles and certificates, to distribute rewards and stipends, to advise Government regarding Sanskrit studies, grants to tols, etc.

2. In their resolution No. 2522Edn., dated the 27th August 1923, the Government of Bengal, appointed the Sanskrit College Committee, to report *inter alia* on the working of the Sanskrit Association, together with suggestions for its improvement. In paragraphs 76 to 80 of their report the Committee proposed a new constitution for the Sanskrit Association as the existing constitution had never functioned in its entirety and the Convocation, a deliberative body of 500, had never met. The Committee, therefore, proposed the formation of local Samajes and Associations, which would send representatives to a Central Organisation, the latter in its turn electing a Council of ten. The Committee proposed that there should be one or more Samajes in each district and that Sanskrit Sabhas, which already existed in different localities of Bengal as real centres of Sanskrit learning and which might be recognised by the Central Assiciation for the purpose, should be given a status and functions equal to those of a local Samaj. In paragraph 78 of their report the qualifications for becoming members of the local Samajes and their functions were suggested.

The Committee also recommended that the Central Organisation, to be called the Bengal Sanskrit Association, should consist of the following classes of members:—

(1) Thirty-nine members elected by the district tols, roughly one member for every 50 tols.

(2) Twenty-seven members elected by the local Samajes, one member for each district.

(3) One member elected by the Tol teachers of the Sanskrit College.

(4) Not more than eight members elected by distinguished bodies interested in Sanskrit learning to be selected for the purpose by the Central Organisation.

(5) Twenty members to be nominated by Government, viz., 5 Anglo-Sanskrit Scholars, 5 distinguished Pandits and 10 patrons of Sanskrit learning.

(6) Two Hindu members representing the Senate of the Calcutta University and the Court of the Dacca University.

(7) Two *ex-officio* members, viz., the President of the Central Organisation and the Principal of the Sanskrit College. The Principal of the Sanskrit College should be *ex-officio* Secretary of the Central Organisation. The members of the Central Organisation should be elected or nominated for five years. The Central Organisation should be convened twice a year and all important questions should be referred to it by the Council for final opinion. The Central Organisation should annually elect the members of the Council.

The Committee also recommended that the Council of the Central Organisation should consist of ten elected members to be elected by the Central Organisation, besides the

President and the Secretary of the Central Organisation, who should also be, respectively, the President and the Secretary of the Council. The duties of the Council should be to draft and submit curricula and prescribe courses of study and examinations for the approval of the Central Organisation, to allot and distribute stipends, rewards and grants-in-aid, and to control and conduct all the examinations of the Central Organisation.

3. In paragraph 27 of their resolution No. 936Edn., dated the 8th March 1930, the Government of Bengal (Ministry of Education) expressed their willingness to accept the recommendations of the Committee outlined above, subject to the following modifications:—

(1) that the Central Organisation should be elected for three and not for five years;

(2) that it should normally meet only once a year; and

(3) that out of the ten members of the Council other than the President and Secretary, four should be nominated by Government and the remaining six members should be elected to represent the five divisions of Bengal plus Calcutta as a separate constituency.

4. It has not been possible to form local Samajes in all the 27 districts in Bengal on the basis of the qualifications for membership laid down in the Committee's report. But as there are Sanskrit Sabhas in 19 out of the 27 districts, it has been decided to recognise these during the first year as local Samajes for the election of 19 members of the Central Organisation.

5. The Government of Bengal (Ministry of Education) have now decided to sanction the constitution of the Bengal Sanskrit Association on these lines and they are pleased to constitute it as follows:—

H. C. V. PHILPOT,

Secy. to the Govt. of Bengal.

Agreement.

Memorandum of agreement made this day of 1st December 1932 between the Sandvip Central Co-operative Bank, Ltd. (registered under the Co-operative Societies Act, II of 1912, and having its registered office at Sandvip in Noakhali hereinafter called the bank) of the one part and the Secretary of State for

India in Council hereinafter called the Secretary of State of the other part. Whereas for the purpose of the construction of its office the bank has applied to the Government of Bengal for the acquisition under the provision of the Land Acquisition Act, I of 1894, as amended by Act XXXVIII of 1923, of the piece or parcel of land containing ·70 of an acre or thereabout situate in the village of Harishpur, No. 43, thana Sandvip, pargana Sandvip, in the district of Noakhali, and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the bank the piece or parcel of land hereinbefore described. And whereas the said Government of Bengal has required the bank under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained.

Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the bank shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, I of 1894, as amended by Act XXXVIII of 1923, or by the Court to which a reference under Part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the bank under the last preceding clause not being thereby limited, the bank shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the bank of all demands under the foregoing first clause or, in the discretion of the said Government of Bengal (on deposit by the bank of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the bank and shall execute and do all such acts, and deeds as may be necessary and proper for effectually vesting the same in the bank.

4. That said land shall be held by the bank for purposes of such office as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said construction of the office shall be completed (and fully equipped in all respects ready for use) within one year from the date on which possession of the said land shall have been given to the bank.

6. Should the said works not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of one year to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the bank, and thereupon the interest of the bank in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the bank.

(*ii*) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon, in which case the Secretary of State shall repay to the bank the market value as on the day of re-entry of all the buildings erected by the bank and all sums received from the bank in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only, upon such sale, the Secretary of State, after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the bank, together with the sum received from the bank in respect of the compensation for the land (less the statutory allowance of fifteen per cent. and less any amount received from the bank on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the said land and buildings subject to the laws and rules governing co-operative society and to the by-laws of the bank.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing herein contained, the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government of Bengal upon such dispute or difference shall be final and conclusive and binding on the parties hereto.
